Phil Bosua, Know Labs CEO and creator of the UBAND, said, “We are making great progress in developing our wearable non-invasive continuous glucose monitor that will improve the lives of people with diabetes and pre-diabetes worldwide. We’re thrilled to show the world our new UBAND design and App.”

Bosua revealed the new UBAND design and iPhone App in this short 1 minute [video](#).

Know Labs plans to come to market with its wearable non-invasive UBAND CGM subsequent to FDA approval. The UBAND CGM will connect to its smartphone App via Bluetooth and will feature a 7-day battery life. UBAND will provide people with an easy, pain-free way to monitor their blood glucose levels. The App will be available on both the App Store and Google Play.

About Know Labs, Inc.

Know Labs, Inc. is a public company whose shares trade under the stock symbol “KNWN.” The company’s technology directs structured light or radio waves through a substance or material to capture a unique molecular signature. The Company refers to these signatures as ChromaID™ and Bio-RFID™. ChromaID and Bio-RFID are used to identify, detect, or diagnose substance markers or biomarkers that may be invisible to the human eye.

ChromaID and Bio-RFID scanner modules can be integrated into a variety of wearable, mobile or bench-top form factors. This patented and patent pending, award-winning technology makes it possible to effectively conduct analyses that could only previously be performed by invasive and/or large and expensive lab-based tests.
