# Cancer Genetics Reports Second Quarter 2020 Financial Results

RUTHERFORD, N.J., Aug. 14, 2020 (GLOBE NEWSWIRE) -- Cancer Genetics, Inc. (the "Company") (Nasdaq: CGIX), a leader in drug discovery and preclinical oncology and immuno-oncology services, announced yesterday financial and operating results for the quarter ended June 30, 2020.

## SECOND QUARTER 2020 FINANCIAL RESULTS

The Company reported total revenue from continuing operations of \$1.4 million for the second quarter of 2020 compared to revenue of \$1.5 million in the second quarter of 2019, a decrease of approximately \$0.1 million or 5% principally due to the timing of discovery services studies.

Gross profit remained approximately the same in both of the comparable quarters of 2019 and 2020, while the overall gross margin increased by 4 percentage points, from approximately 52% to 56%. The Discovery Services business unit gross margin increased in second quarter of 2020 compared to 2019 principally due to lower lab supplies and outsourcing expenses in the comparable periods.

Total operating expenses for the second quarter of 2020 were approximately \$2.5 million, an increase of 68% compared to \$1.5 million during the second quarter of 2019. The increase in total operating expenses was primarily due to an increase in professional fees of \$901 thousand including one-time costs of approximately \$619 thousand associated with accounting for discontinuing operations as well as the timing of such fees incurred (Q1 2019 vs. Q2 2020) and connected to the annual filing of the Company's Form 10-K. These additional expenses resulted from the significant company turnaround associated with the disposition of two business units and close-out of those discontinued operations.

Net loss from continuing operations was \$1.8 million or \$0.82 per share for the second quarter of 2020, compared to a net loss of \$0.5 million or \$0.24 per share for the second quarter of 2019.

Cash and cash equivalents totaled approximately \$2.9 million as of June 30, 2020.

The Company filed its quarterly report for Q2 2020 on Form 10-Q yesterday with the Securities and Exchange Commission.

## ABOUT CANCER GENETICS

Through its *vivoPharm* subsidiary, Cancer Genetics offers proprietary preclinical test systems supporting clinical diagnostic offerings at early stages, valued by the pharmaceutical industry, biotechnology companies and academic research centers. The Company is focused on precision and translational medicine to drive drug discovery and novel therapies. *vivoPharm* specializes in conducting studies tailored to guide drug

development, starting from compound libraries and ending with a comprehensive set of *in vitro* and *in vivo* data and reports, as needed for Investigational New Drug filings. *vivoPharm* operates in The Association for Assessment and Accreditation of Laboratory Animal Care International (AAALAC) accredited and GLP compliant audited facilities. **Forward Looking Statements:**

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements pertaining to Cancer Genetics Inc.'s expectations regarding future financial and/or operating results, and potential for our services, future revenues or growth, or the potential for future strategic transactions in this press release constitute forward-looking statements.

Any statements that are not historical fact (including, but not limited to, statements that contain words such as "will," "believes," "plans," "anticipates," "expects," "estimates") should also be considered to be forward-looking statements. Forward-looking statements involve risks and uncertainties, including, without limitation, risks inherent in our attempts to adapt to the global coronavirus pandemic, achieve profitability and increase sales of our pre-clinical services, maintain our existing customer base and avoid cancellation of customer contracts or discontinuance of trials, raise capital to meet our liquidity needs, properly evaluate strategic options, and other risks discussed in the Cancer Genetics, Inc. Form 10-K for the year ended December 31, 2019 and Form 10-Q for the quarter ended June 30, 2020, along with other filings with the Securities and Exchange Commission. These forward-looking statements speak only as of the date hereof. Cancer Genetics, Inc. disclaims any obligation to update these forward-looking statements.
