# IAI Supports SBA's CARES ACT Technical Response to the COVID-19 Pandemic

FAIRFAX, Va., May 26, 2020 (GLOBE NEWSWIRE) -- Information Analysis Incorporated (OTCMKTS:[IAIC](#)), a leading information technology services and modernization company, announces the award of a subcontract to provide technical expertise and resources in support of the federal government's Coronavirus Aid, Relief, and Economic Security (CARES) Act that provides the resources needed to fight the consequences of the COVID-19 pandemic. IAI will build on the knowledge and expertise gained in past successful technology implementations on SBA's legacy computer systems.

As a valued subcontractor and team member to a large management and technology consulting firm, IAI is tasked to provide IT support related to technology development and operations, including but not limited to tasks related to SBA CARES Act systems implementation. IAI's Professional Services department will support database planning and design; systems analysis, integration, and design; programming, conversion and implementation support; network services, data/records management, and testing.

"IAI's management and technical staff are privileged to be part of this joint mission-critical effort to support people and businesses unduly burdened by this pandemic," said Stan Reese, IAI's Chief Operating Officer. "We are pleased to utilize our technical skill set and rapid response capabilities to support minimizing the economic disruption and difficulties now faced by millions of small business owners."

## About Information Analysis Incorporated
