Investment Highlights

- VAALCO is an established operator with a proven track record in West Africa
- Operator of the Etame Marin Block located offshore Gabon (31.1% working interest), that has produced more than 110 million barrels of oil ("MMBBL") since first sale of oil in November 2002
- Average net production (after royalty deduction) of 3,664 barrels of oil per day for Q2 2019
- Strategic focus on generating free cash flow from a low risk reserve base
- Active 2019/2020 work programme at Etame recently underway to grow production and reserves, with up to three development wells and two appraisal wellbores that the Company expects to be drilled within the next 12 months
- Reserves and resources of approximately 123 MMBBL at Etame, based on a combination of internal estimates and estimates by the Company's third party engineering firm, Netherland Sewell and Associates
- VAALCO believes that it has significant development opportunities and leads at or near existing platforms where infrastructure is in place to bring new production online quickly, further enhancing economics
- Diversified portfolio with exploration and development potential from Block P, offshore Equatorial Guinea (31.0% working interest)
- Solid financial footing with no debt and \$48.6 million of cash and cash equivalents at 30 June 2019
- Actively pursuing M&A opportunities within strategic focus areas

Cary Bounds, VAALCO's Chief Executive Officer commented: "This morning is a significant milestone for VAALCO and reflects several years of hard work by the Board and management team to strengthen the Company and set it on a path for sustainable long-term growth. Our listing on the LSE will complement our existing listing on the NYSE and provide

another strategic platform to support our goals for growth. We look forward to continuing to build on our track record of operational excellence and value creation as we carry out our active work programme and seek inorganic opportunities in line with our strategic focus.”
