# VAALCO Energy Declares Quarterly Dividend

HOUSTON, Aug. 05, 2022 (GLOBE NEWSWIRE) -- VAALCO Energy Inc. (NYSE: EGY; LSE: EGY) ("**VAALCO**" or the "**Company**") today declared its quarterly cash dividend of \$0.0325 per share of common stock for the third quarter of 2022 (\$0.13 annualized), which is payable September 23, 2022 to stockholders of record at the close of business on August 24, 2022. Future declarations of quarterly dividends and the establishment of future record and payment dates are subject to approval by the Board of Directors.

George Maxwell, VAALCO's Chief Executive Officer, commented, "Returning value to shareholders is key to our strategic vision and we believe that it is important for E&P companies to demonstrate a commitment to shareholder returns. As we recently disclosed, upon closing of the proposed strategic combination of VAALCO with TransGlobe Energy, we plan to nearly double our target annualized dividend to \$0.25 per share in the quarter immediately following closing. We have a premier asset at Etame generating strong operational results, which coupled with strong pricing, has allowed us to return meaningful cash to shareholders. The combination with TransGlobe will enable us to significantly increase our dividend as a result of the enhanced cash flow generation of the Combined Company."

## About VAALCO

VAALCO, founded in 1985, is a Houston, USA based, independent energy company with production, development and exploration assets in the West African region.

The Company is an established operator within the region, holding a 63.6% participating interest in the Etame Marin block, located offshore Gabon, which to date has produced over 126 million barrels of crude oil and of which the Company is the operator.

## Forward Looking Statements

This document includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, included in this

document that address activities, events, plans, expectations, objectives or developments that VAALCO expects, believes or anticipates will or may occur in the future are forward-looking statements. These statements may include statements related to the impact of the COVID-19 pandemic, including the recent sharp decline in the global demand for and resulting global oversupply of crude oil and the resulting steep decline in oil prices, production quotas imposed by Gabon, disruptions in global supply chains, quarantines of our workforce or workforce reductions and other matters related to the pandemic, well results, wells anticipated to be drilled and placed on production, future levels of drilling and operational activity and associated expectations, the implementation of the Company's business plans and strategy, prospect evaluations, prospective resources and reserve growth, its activities in Equatorial Guinea, expected sources of and potential difficulties in obtaining future capital funding and future liquidity, its ability to restore production in non-producing wells, our ability to find a replacement for the FPSO or to renew the FPSO charter, future operating losses, future changes in crude oil and natural gas prices, future strategic alternatives, future and pending acquisitions, capital expenditures, future drilling plans, acquisition and interpretation of seismic data and costs thereof, negotiations with governments and third parties, timing of the settlement of Gabon income taxes, and expectations regarding processing facilities, production, sales and financial projections. These statements are based on assumptions made by VAALCO based on its experience and perception of historical trends, current conditions, expected future developments and other factors it believes are appropriate in the circumstances. Such statements are subject to a number of assumptions, risks and uncertainties, many of which are beyond VAALCO's control. These risks include, but are not limited to, crude oil and natural gas price volatility, the impact of production quotas imposed by Gabon in response to production cuts agreed to as a member of OPEC, inflation, general economic conditions, the outbreak of COVID-19, the Company's success in discovering, developing and producing reserves, production and sales differences due to timing of liftings, decisions by future lenders, the risks associated with liquidity, lack of availability of goods, services and capital, environmental risks, drilling risks, foreign regulatory and operational risks, and regulatory changes.

Investors are cautioned that forward-looking statements are not guarantees of future performance and that actual results or developments may differ materially from those projected in the forward-looking statements. VAALCO disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.
