Company Profile for MicroVision, Inc.

MicroVision is the creator of PicoP® display technology, an ultra-miniature laser projection solution for mobile consumer electronics, automotive head-up displays and other applications. MicroVision's patented display technology helps OEMs break down display boundaries and offer enhanced visibility to mobile experiences. Nearly two decades of research has led MicroVision to become an independently recognized leader in the development of intellectual property. MicroVision's IP portfolio has been recognized by the Patent Board as a top 50 IP portfolio among global industrial companies and is also included in the Ocean Tomo 300 Patent Index. The company is based in Redmond, Wash.
