MicroVision to Participate in Three Investor Conferences in May

REDMOND, Wash., April 30, 2019 (GLOBE NEWSWIRE) -- MicroVision, Inc. (NASDAQ:MVIS), a leader in innovative laser beam scanning technology for projection display and sensing, today announced that the company plans to participate in three investor conferences in May 2019:

- Oppenheimer Emerging Growth Conference in New York City on May 14, 2019
- B. Riley FBR Institutional Investor Conference in Los Angeles on May 23, 2019
- Ladenburg Technology Expo 2019 in New York City on May 30, 2019

Investors wishing to schedule a meeting at one of these three conferences are encouraged to contact their sales representative at the respective brokerage firm hosting the event or contact David H. Allen, of Darrow Associates, for more information.

Information about MicroVision's participation in these events will be available on the Investor Events Calendar page of MicroVision's website at <http://phx.corporate-ir.net/phoenix.zhtml?c=114723&p=irol-calendar>.

About MicroVision

MicroVision is the creator of PicoP[®] scanning technology, an ultra-miniature sensing and projection solution based on the laser beam scanning methodology pioneered by the company. MicroVision's platform approach for this sensing and display solution means that its technology can be adapted to a wide array of applications and form factors. We combine our hardware, software, and algorithms to unlock value for our customers by providing them a differentiated advanced solution for a rapidly evolving, always-on world.

Extensive research has led MicroVision to become an independently recognized leader in the development of intellectual property. MicroVision's IP portfolio has been recognized by the Patent Board as a top 50 IP portfolio among global industrial companies and has been included in the Ocean Tomo 300 Patent Index. The company is based in Redmond, Washington.

MicroVision and PicoP are trademarks of MicroVision, Inc. in the United States and other countries. All other trademarks are the properties of their respective owners.

Forward-Looking Statements

Certain statements contained in this release, including those relating to planned attendance at investor conferences, future products and product applications are forward-looking statements that involve a number of risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the company's forward-looking statements include the following: our ability to raise additional capital when needed; products

incorporating our PicoP display engine may not achieve market acceptance, commercial partners may not perform under agreements as anticipated, we may be unsuccessful in identifying parties interested in paying any amounts or amounts we deem desirable for the purchase or license of IP assets, our or our customers failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
