QuickLogic to Exhibit at GOMACTech 2025, Showcasing the Australis™ eFPGA IP Generator

SAN JOSE, Calif., March 14, 2025 /PRNewswire/ -- QuickLogic Corporation (NASDAQ: QUIK), a leading provider of embedded FPGA (eFPGA) Hard IP, and ruggedized FPGAs, today announced it will exhibit at GOMACTech 2025. The event will be held at the Pasadena Convention Center in Pasadena, CA.

Booth: 306

Exhibitor Dates:
Tuesday, March 18, 2025 from 12:00 pm – 8:00 pm
Wednesday, March 19, 2025 from 9:00 am – 4:00 pm

QuickLogic will demonstrate how its highly configurable embedded FPGA (eFPGA) technology empowers developers with optimal design flexibility and scalability. The Australis™ eFPGA IP Generator creates hardened eFPGA IP cores tailored to each customer's unique use-case requirements. With this rapid eFPGA IP generation capability, QuickLogic can meet each customer's specific power, performance, and area (PPA) needs. By leveraging a common eFPGA architecture—composed of 6-input Look-Up Tables (LUTs), BlockRAM, and DSP resources—Australis supports virtually any process or foundry combination.

Recently supported process technologies include:

- Intel® 18A
- GlobalFoundries® (GF) 12LP and 22FDX®
- TSMC® N12e™
- UMC 22nm

For over 30 years, QuickLogic has been a trusted partner for the Aerospace and Defense sectors by delivering purpose-built eFPGA IP, specialized FPGA devices and FPGA User Tools that optimize for Size, Weight and Power (SWaP) requirements while addressing critical security, reliability and operational demands in the most extreme environments, all while ensuring long-term supply assurance.

About QuickLogic
QuickLogic Corporation is a fabless semiconductor company specializing in eFPGA Hard IP, discrete FPGAs, and endpoint AI solutions. QuickLogic's unique approach combines cutting-edge technology with open-source tools to deliver highly customizable, low-power solutions for industrial, aerospace, consumer, and computing markets.
