Novelis' Vice President of Sustainability Named to 2021 Environment+Energy Leader 100 Honoree List

Suzanne Lindsay-Walker selected as one of the sustainability industry's leading professionals

ATLANTA, December X, 2021 – Novelis Inc., the world leader in aluminum rolling and recycling, today announced that Suzanne Lindsay-Walker, Vice President of Sustainability, has been named to the 2021 Environment+Energy Leader 100.

Lindsay-Walker leads the development and implementation of Novelis' global sustainability strategy and vision to achieve net carbon neutrality by 2050. She is also responsible for Novelis' Corporate Social Responsibility efforts. These initiatives are integral to the company's purpose of Shaping a Sustainable World Together, and a vital part of realizing Novelis' ambition to be the world's leading provider of low-carbon, sustainable aluminum solutions that advance business, industry and society toward the benefits of a circular economy.

Now in its fifth year, the annual Environment+Energy Leader 100 recognizes those environment and energy "doers" who break trail in creating new solutions, programs, platforms, best practices and products to help their companies – or other companies – achieve greater success in commercial and industrial environment and energy management. See the complete list of this year's honorees and past honorees here: <https://www.environmentalleader.com/ee-100-honorees/>.

"The honorees on the annual list show groundbreaking work and dedication to the field of sustainability and energy management," says Paul Nastu, President of Environment+Energy Leader. "We're thrilled to recognize this year's Honorees and congratulate all who made the list."

Nominations for the E+E 100 are made by Environment+Energy Leader (www.environmentenergyleader.com) readers and others that work in the industry, are vetted and then Environment+Energy Leader team and a select group of advisors from the industry make the final Honoree selections.
