Black Belt. "The event attracted impressive talent that helps our hiring managers build a pipeline of candidates and continue to strengthen a brilliant Axalta workforce."

The career fair provided college students and professionals an opportunity to meet with companies that offer internships and full-time positions to graduating engineering majors and job seekers.

"I was pleased to represent Axalta at the SWE conference and meet attendees who stopped at the Axalta booth," said Sarah Arscott, Axalta Lean Six Sigma

About The Society of Women Engineers (SWE)

The Society of Women Engineers (SWE) is a not-for-profit educational and service organization that empowers women to succeed and advance in the field of engineering, and to be recognized for their life-changing contributions as engineers and leaders. SWE is the driving force that establishes engineering as a highly desirable career for women through an

exciting array of training and development programs, networking opportunities, scholarships, and outreach and advocacy activities. For more information, visit www.swe.org and join us on [Facebook/SWEorg](https://www.facebook.com/SWEorg) and [@SWETalk](https://twitter.com/SWETalk) on Twitter.
