# **Kodiak Gas Services Appoints Steven L. Green as Chief Commercial Officer to Drive Strategic Growth and Enhance Commercial Execution**

THE WOODLANDS, Texas--(BUSINESS WIRE)-- Kodiak Gas Services, Inc. (NYSE: KGS), ("Kodiak" or the "Company") today announced the appointment of Steven L. Green as Executive Vice President and Chief Commercial Officer (CCO), effective immediately. Mr. Green brings more than two decades of commercial, operational, and strategic leadership across the energy and midstream sectors. His appointment underscores Kodiak's commitment to accelerating growth, optimizing its commercial platform, and delivering long-term value for shareholders.

As CCO, Mr. Green will oversee Kodiak's enterprise-wide commercial strategy, including customer engagement, contract structuring, and business development initiatives. He will also play a key role in shaping the company's long-term strategic planning and execution roadmap.

"Steven's deep industry experience and proven track record in scaling and monetizing midstream infrastructure platforms make him a valuable addition to our leadership team," said Mickey McKee, President and Chief Executive Officer of Kodiak Gas Services. "As we continue to execute our growth strategy, Steven's leadership will be instrumental in expanding our commercial capabilities and enhancing our value proposition to customers."

Mr. Green most recently served as Chief Executive Officer of Piñon Midstream, where he founded and led the development of a premier sour natural gas treating system in the Delaware Basin. Under his leadership, Piñon executed a differentiated commercial model, secured anchor commitments from investment-grade producers, and successfully monetized the platform in a \$950 million transaction with Enterprise Products Partners.

Earlier in his career, Mr. Green held key commercial and leadership roles at Caiman Energy / Blue Racer Midstream, where he managed over 700 miles of pipeline and 1.3 Bcf/d of processing capacity while overseeing nearly \$2.5 billion in capital deployment. He also has significant technical and operational expertise from his time with Regency Energy Partners and Plains Gas Solutions.

"I am excited to join Kodiak at a time of tremendous opportunity," said Mr. Green. "The company has a strong market position, a performance-driven culture, and a clear strategy for disciplined growth. I look forward to working closely with the team to deepen customer relationships and deliver consistent returns for our shareholders."

**About Kodiak**

Kodiak is a leading contract compression services provider in the United States, serving as a critical link in the infrastructure that enables the safe and reliable production and transportation of natural gas and oil. Headquartered in The Woodlands, Texas, Kodiak provides contract compression and related services to oil and gas producers and midstream customers in high-volume gas gathering systems, processing facilities, multi-well gas lift applications and natural gas transmission systems.
