SiriusXM Introduces SiriusXM Commander Touch™

- **The first SiriusXM touchscreen radio designed to integrate into the vehicle without the need to replace the factory-installed radio**
- **The easy to operate SiriusXM Commander Touch is packed with the latest satellite radio technology and designed to be easy to operate with simple tap and swipe gestures**

NEW YORK, Jan. 4, 2016 /PRNewswire/ -- SiriusXM today announced the introduction of the new SiriusXM Commander Touch, its latest aftermarket satellite radio that lets listeners enjoy SiriusXM through the in-dash audio system of their vehicles.

"SiriusXM Commander Touch gives drivers who want SiriusXM in their vehicle an innovative solution for installation without replacing their vehicle's factory-installed radio," said Joe Verbrugge, Executive Vice President, Sales and Development, SiriusXM. "The Commander Touch integrates seamlessly into the vehicle, giving drivers and their passengers access to the best entertainment available on the road."

The easy to operate SiriusXM Commander Touch is designed to deliver the best SiriusXM listening experience to customers, including commercial-free music; plus, premier sports talk and live events; comedy; news; exclusive talk and entertainment, and a wide-range of Latin music, sports and talk programming.

The Commander Touch includes everything needed for a professional installation. The compact touchscreen color display can mount safely just about anywhere in the vehicle for the driver's convenience, and the hideaway tuner can be installed behind the vehicle's dashboard with concealed wiring. For a more custom look, a professional installer can use the included flush mounting kit to integrate into the vehicle's dash.

SiriusXM Commander Touch was selected as a CES Innovation Honoree reflecting its innovative design and engineering and offers listeners an impressive list of features and capabilities, including:

- Compact touchscreen controller is only 4.1"W x 1.7" H x 0.5" D and mounts directly to the vehicle dash. The tuner module hides discreetly behind the dash for a fully integrated look.
- Enjoy SiriusXM through the vehicle's factory radio via FM or AUX audio input.
- Replay™ allows listeners to pause, rewind and replay up to 60 minutes of live satellite radio, in addition to buffering all 18 of the listener's preset channels with 30 minutes of content.
- Use TuneMix™ to hear a mix of songs from your favorite channels.
- Automatically start songs from the beginning on your favorite channels with TuneStart™.
- Keep moving with the most current updates using Traffic & Weather Now™.
- Album art and channel logos displayed on the compact color screen provide listeners with quick information at a glance.
- Innovative Delayed Off mode automatically pauses while drivers make short stops up to 30 min, so when they stop and get coffee or refuel their vehicle they will pick up right where they left off.

Commander Touch can easily be updated to add new features and capabilities as they become available. For more information, please visit www.siriusxm.com/commandertouch.

In addition, the "Never Miss a Beat" offer gives customers who purchase the SiriusXM Commander Touch and call SiriusXM, the first three-months of the SiriusXM All Access subscription that delivers every satellite radio channel available, as well as access to programming beyond the vehicle on smartphones and other connected devices, and at <https://player.siriusxm.com>. For offer details, please visit www.siriusxm.com.

SiriusXM Commander Touch gives SiriusXM subscribers everything needed to listen to satellite radio in the vehicle and is available now at retail locations and online stores nationwide, including Best Buy, www.crutchfield.com, www.shop.siriusxm.com, as well as independent retailers and expeditors from coast-to-coast at an MSRP of \$129.99.

Commander Touch and other SiriusXM products will be on display during the 2016 International CES in the Voxx International Booth #10417 in the Central Hall of the Las Vegas Convention Center, January 6-9, 2016.

This communication contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include, but are not limited to, statements about future financial and operating results, our plans, objectives, expectations and intentions with respect to future operations, products and services; and other statements identified by words such as "will likely result," "are expected to," "will continue," "is anticipated," "estimated," "believe," "intend," "plan," "projection," "outlook" or words of similar meaning. Such forward-looking statements are based upon the current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are difficult to predict and generally beyond our control. Actual results may differ materially from the results anticipated in these forward-looking statements.

The following factors, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements: our competitive position versus other radio and audio service providers; our ability to attract and retain subscribers, which is uncertain; our dependence upon the auto industry; general economic conditions; changes in consumer protection laws and their enforcement; the security of the personal information about our customers; other existing or future government laws and regulations could harm our business; failure of our satellites would significantly damage our business; the interruption or failure of our information technology and communications systems; royalties we pay for music rights, which increase over time; the unfavorable outcome of pending or future litigation; our failure to realize benefits of acquisitions or other strategic initiatives; rapid technological and industry changes; failure of third parties to perform; failure to comply with FCC requirements; modifications to our business plans; our indebtedness; and our principal stockholder has significant influence over our management and over actions requiring stockholder approval and its interests may differ from interests of other holders of our common stock. Additional factors that could cause our results to differ materially from those described in the forward-looking statements can be found in our Annual Report on Form 10-K for the year ended December 31, 2014, which is filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (<http://www.sec.gov>). The information set forth herein speaks only as of the date hereof, and we disclaim any intention or obligation to update any forward looking statements as a result of developments occurring after the date of this communication.
