AcuraFlow Expands Deployment of Vuzix Smart Glasses Across North America with Follow-On Order

ROCHESTER, N.Y., April 30, 2026 /PRNewswire/ -- [Vuzix® Corporation](#) (NASDAQ: [VUZI](#)), ("Vuzix" or, the "Company"), a leading supplier of AI-powered smart glasses, waveguides and Augmented Reality (AR) technologies, today announced that it has received and fulfilled a six-figure follow-on order for its M400 smart glasses from AcuraFlow, a developer and deployer of industrial AI and automation solutions. The order supports continued expansion of Vuzix smart glasses deployments across AcuraFlow's North American customer base.

With this latest order, AcuraFlow has now deployed more than 900 Vuzix smart glasses across its customer network. The continued follow-on activity reflects growing adoption of hands-free, AI-enabled workflows among industrial customers seeking to improve operational efficiency, workforce productivity, and real-time decision-making.

AcuraFlow is an industrial AI and automation firm that helps manufacturers and energy companies modernize operations using Industry 4.0 technologies like IoT, data analytics, and computer vision. Its platform connects equipment and workers to identify issues, improve efficiency, and enable predictive maintenance. The company supplies Vuzix smart glasses to its customers to support their frontline workers with hands-free instructions, remote assistance, and real-time data access.

"Vuzix smart glasses are well-suited to delivering the productivity improvements our customers need to remain competitive," said Lucas Reed, Innovation Manager at AcuraFlow. "When combined with software platforms such as TeamViewer Frontline and similar tools, they have become a proven option for organizations aiming to optimize warehouse operations. We are excited to continue expanding these use cases across our customer base."

"AcuraFlow has been a strong partner for Vuzix for several years," said Paul Travers, President and CEO of Vuzix. "Follow-on orders like this, combined with an installed base of over 900 units, demonstrate continued expansion of enterprise smart glasses deployments across multiple industries and use cases."

About Vuzix Corporation

Vuzix is a leading designer, manufacturer and marketer of AI-powered smart glasses, waveguides and augmented reality technologies, components and products for the enterprise, medical, defense, security agencies, and consumer markets. The Company's products include head-mounted smart personal display and wearable computing devices that offer users a portable high-quality viewing experience, provide solutions for mobility, wearable displays and augmented reality, as well OEM waveguide optical components and display engines.
