AMD to Host Livestream Event to Unveil Next Generation Ryzen Processors

SANTA CLARA, Calif., Aug. 16, 2022 (GLOBE NEWSWIRE) -- Today, AMD (NASDAQ: AMD) announced “**together we advance_PCs**,” a livestream premiere to unveil next generation AMD PC products. Chair and CEO Dr. Lisa Su, CTO and EVP Mark Papermaster, and other AMD executives will present details on the latest "Zen 4" architecture that powers upcoming AMD Ryzen™ processors and the all new AM5 platform built around the latest technologies including DDR5 and PCIe5, all designed to drive a new era of performance desktop PCs.

The show will premiere at 7 p.m. ET on Monday, August 29, on the AMD YouTube channel. A replay can be accessed a few hours after the conclusion of the event at AMD.com/Ryzen.

About AMD
For more than 50 years AMD has driven innovation in high-performance computing, graphics and visualization technologies. Billions of people, leading Fortune 500 businesses, and cutting-edge scientific research institutions around the world rely on AMD technology daily to improve how they live, work and play. AMD employees are focused on building leadership high-performance and adaptive products that push the boundaries of what is possible.
