About Focus Universal

Focus Universal Inc. (OTCQB: [FCUV](#)) is a Universal Smart Instrumentation Platform ("USIP") developer and Universal Smart Device ("USD") manufacturer for the Internet of Things market. The Company's USIP generalizes instruments into a reusable foundation and architecture-specific components (sensor modules), which together replace the functions of traditional instruments at a fraction of the cost. The USIP has an open architecture and features the ability to connect thousands of sensors and probes from different industries and vendors communicating with the same device. This interoperability and reusability gives Focus Universal a major edge over competitors.

Forward-Looking Statements

The statements in this press release that are not historical facts may constitute forward-looking statements that are based on current expectations and are subject to risks and uncertainties that could cause actual future results to differ materially from those expressed or implied by such statements. Those risks and uncertainties include, but are not limited to, risks related to securing sufficient funding for the launch of the Universal Smart Device, Universal Smart Instrumentation Platform and related inventions or innovations as well as the continuation and results of the Companies inventions and innovations to meet market

expectations, goals, or performance. These and other risks and uncertainties are identified and described in more detail in Focus Universal's filings with the Securities and Exchange Commission ("SEC"). These filings are available on the SEC's website at www.sec.gov. Focus Universal undertakes no obligation to publicly update or revise any forward-looking statements.
