Telkonet Announces Second Quarter 2018 Financial Results

***Company Experiences Substantial Quarterly Net Revenue Growth and Market Expansion
Teleconference and Webcast to be Held Today at 4:30 P.M. EDT***

WAUKESHA, Wis., Aug. 14, 2018 (GLOBE NEWSWIRE) -- Telkonet, Inc. (OTCQB: TKOI), (the "Company", "Telkonet"), creator of the EcoSmart platform of intelligent automation solutions designed to optimize comfort, energy efficiency and operational analytics in support of the emerging Internet of Things (IoT), today announced financial results for the quarter ended June 30, 2018. Telkonet management will hold a teleconference to discuss these results with the financial community today at 4:30 p.m. ET/3:30 p.m. CT.

"Telkonet has encountered a dramatic expansion in growth and understanding of the market for commercial automation and IoT solutions since the beginning of the year," stated Jason Tienor, Telkonet's President and CEO. "This growth has had a very positive impact on Telkonet's current and future performance demonstrated by 40% net revenue growth over the prior year's same quarter."

Operating and Financial Highlights Comparison for the Three and Six Months Ended June 30, 2018 and 2017:

- Loss from continuing operations decreased \$0.7 million (76%) to \$0.2 million for the three months ended June 30, 2018 compared to \$0.9 million in the prior year period; while also decreasing \$0.7 million (36%) to \$1.4 million for the six months ended June 30, 2018 compared to \$2.1 million in the prior year period
- Net revenues increased \$0.9 million (40%) to \$3.0 million for the three months ended June 30, 2018 compared to \$2.1 million in the prior year period; while also increasing \$0.6 million (13%) to \$4.6 million for the six months ended June 30, 2018 compared to \$4.0 million in the prior year period
- Operating expenses decreased \$0.2 million (8%) to \$1.7 million for the three months ended June 30, 2018 compared to \$1.9 million in the prior year period; while also decreasing \$0.6 million (14%) to \$3.5 million for the six months ended June 30, 2018 compared to \$4.1 million in the prior year period
- Achievement of 51% gross margin in the quarter
- Completion of several marquee integrations including: Sonifi, Assa Abloy, and Volara
- Announced upcoming release of Company's evolutionary new platform, Symphony, at Hospitality industry's largest annual event, HITEC

Recent Events:

- Telkonet awarded large multi-year consumer housing project worth approximately \$1MM
- Company experiences significant growth and success of its annual Partner Week

- Initiated strategic review of business positioning with engagement of Roth Capital Partners

“Telkonet’s strategy of business development has seen significant success through expansion of our OEM, VAR and ESCO relationships thus far in 2018,” continued Tienor. “Looking forward, we’re expecting a continued ramp of activity and success in our target markets in line with our second quarter performance, while taking advantage of key projects both domestic and international to boost Telkonet’s full-year performance.”

NON-GAAP Financial Measures

Telkonet will post to the Company's investor relations web site (www.telkonet.com) any reconciliation of differences between non-GAAP financial information that may be required in connection with issuing the Company's financial results.

The Company, as is common in its industry, uses adjusted EBITDA from continuing operations, a non-GAAP measurement gauge to demonstrate earnings exclusive of interest and non-cash events. The Company manages its business based on its cash flows. The Company, in its daily management of its business affairs and analysis of its monthly, quarterly and annual performance, makes its decisions based on cash flows, not on the amortization of assets obtained through historical activities. The Company, in managing its current and future affairs, cannot affect the amortization of the intangible assets to any material degree, and therefore uses adjusted EBITDA from continuing operations as its primary management guide. Adjusted EBITDA from continuing operations is not, and should not be considered, an alternative to net income (loss), income (loss) from continuing operations, or any other measure for determining operating performance of liquidity, as determined under accounting principles generally accepted in the United States (GAAP). In assessing the overall health of its business for the three and six months ended June 30, 2018 and 2017, the Company excluded items in the following general category described below:

- *Stock-based compensation:* The Company believes that because of the variety of equity awards used by companies, varying methodologies for determining stock-based compensation and the assumptions and estimates involved in those determinations, the exclusion of non-cash stock-based compensation enhances the ability of management and investors to understand the impact of non-cash stock-based compensation on our operating results. Further, the Company believes that excluding stock-based compensation expense allows for a more transparent comparison of its financial results to the previous period.
- *Bonuses paid to executives in 2017, upon sale of discontinued operations:*The Company does not consider the bonuses of \$87,750 associated with the sale of Ethostream to be indicative of current or future operating performance. Therefore, the Company does not consider the inclusion of these costs helpful in assessing its current financial performance compared to the previous year.

Adjusted EBITDA from continuing operations and other non-GAAP financial measures should not be considered in isolation from, or as a substitute for, a measure of financial performance prepared in accordance with GAAP. Further, investors are cautioned that there are inherent limitations associated with the use of the non-GAAP financial measure as an analytical tool. In particular, the non-GAAP financial measure is not based on a comprehensive set of accounting rules or principles and many of the adjustments to the GAAP financial measure reflect the exclusion of items that are recurring and will be reflected in the Company's financial results for the foreseeable future. The Company compensates for these limitations by providing specific information in the reconciliation included in this press release regarding the GAAP amounts excluded from the non-GAAP financial measure.
