- AerCap increased its pre-delivery payment funding facility by \$68.4 million. This facility was arranged by Citi and is to be used to finance the pre-delivery payments relating to A330 aircraft under forward order with Airbus, scheduled for delivery between January and

April 2010.

Klaus Heinemann, CEO of AerCap, commented, "Our first quarter results continue to show the strength of our business model. The focus we have on properly managing the liability side of our business, combined with our contracted orders of state of the art, fuel-efficient aircraft, positions us for strong future earnings growth."

AerCap's CFO, Keith Helming, added, "We are pleased with our first quarter 2008 net income result. The year-over-year increase in basic rents is reflective of the growth of our leasing portfolio. In addition, we continue to realize the benefits of decreasing interest costs through the combination of lower interest rates and the utilization of caps for interest rate hedging."

Detailed Financial Data (\$ in Millions)

Operating results

	Three months ended March 31,		
	2008	2007	% increase/ (decrease)
Revenue	\$294.5	\$309.5	-5%
Net income (loss)	50.9	60.6	-16%

Total revenue in first quarter 2008 decreased 5% compared with first quarter 2007. This decrease was largely driven by a lower amount of other revenue in first quarter 2008. Other revenue in first quarter 2007 included \$10.7 million relating to the elimination of a guarantee liability, which did not occur in first quarter 2008. The decrease in net income in first quarter 2008 compared to the first quarter 2007 was also driven primarily by the lower amount of other revenue.

Revenue breakdown

	Three months ended March 31,		
	2008	2007	% increase/ (decrease)
Lease revenue:			
Basic rents	\$126.5	\$118.6	7%
Maintenance rents	9.2	11.9	-23%

End-of-lease compensation	8.2	9.2	-11%
Lease revenue	\$143.9	\$139.7	3%
Sales revenue	142.5	148.9	-4%
Interest revenue	4.9	7.3	-33%
Management fee revenue	3.1	3.0	3%
Other revenue	0.1	10.6	-99%
Total revenue	\$294.5	\$309.5	-5%

As indicated in the table above, the growth in the Company's leased assets and the continued strength of lease rates is reflected in our revenue through the increase in basic rents. Partially offsetting the growth in basic rents are decreases in floating rate lease rentals which result from the decrease in interest rates. This decrease in basic rents on floating rate leases is completely offset by lower interest costs on the debt associated with the floating rate leases. While basic lease rents for the first quarter 2008 increased 7% compared to first quarter 2007 to \$126.5 million, interest expense excluding non-cash charges relating to the mark-to-market of interest rate caps decreased 11% compared with first quarter 2007 to \$40.9 million, as shown in the table below. The difference in these amounts was \$85.6 million in first quarter 2008 compared to \$72.7 million in first quarter 2007, an increase of 18%.

	Three months ended March 31,	
	2008	2007
Basic rents	\$126.5	\$118.6
Interest on debt	\$49.6	\$50.5
Less: Non-cash charges relating to the mark-to-market of interest rate caps, net of tax	(8.7)	(4.6)
Interest on debt excluding non-cash charges related to the mark-to-market of interest rate caps	\$40.9	\$45.9
Basic rents net of interest on debt excluding non-cash charges related to the mark-to-market of interest rate caps	\$85.6	\$72.7

Effective tax rate

AerCap's effective tax rate during the first quarter 2008 was 8.3%, consisting of 8.0% for AerCap's aircraft business and 14.2% for AerCap's engine and parts business. The effective tax rate in first quarter 2007 was 11.8%.

Total assets	4,594.7	4,026.4	14%
Total liabilities	3,561.2	3,180.7	12%
Total equity	1,002.9	814.0	23%

Notes Regarding Financial Information Presented In This Press Release

The financial information presented in this press release is not audited.

The following is a definition of a non-GAAP measure used in this press release and a reconciliation of such measure to the most closely related GAAP measure:

Net income excluding non-cash charges relating to the mark-to-market of interest rate caps and share-based compensation. This measure is determined by adding non-cash charges related to the mark-to-market losses on our interest rate caps and share-based compensation during the applicable period, net of related tax benefits, to GAAP net income. AerCap believes this measure provides investors with a more meaningful view on AerCap's operational performance and allows investors to better understand its operational performance in relation to past and future reporting periods. AerCap uses interest rate caps to allow the Company to benefit from decreasing interest rates and protect against the negative impact of rising interest rates on its floating rate debt. Management determines the appropriate level of caps in any period with reference to the mix of floating and fixed cash inflows from the Company's lease and other contracts. AerCap does not apply hedge accounting to its interest rate caps. As a result, AerCap is required to recognize the change in fair value of the interest rate caps in AerCap's income statement during each period. Following is a reconciliation of net income excluding non-cash charges relating to the mark-to-market of interest rate caps and share-based compensation to net income for the three month periods ended March 31, 2008 and 2007:

	Three months ended March 31,	
	2008	2007
Net income	\$50.9	\$60.6
Plus: Non-cash charges relating to the mark-to-market of interest rate caps, net of tax	7.6	4.0
Non-cash charges related to share-based compensation, net of tax	1.4	2.1
Net income excluding non-cash charges related to the mark-to-market of interest rate caps and share-based compensation	\$59.9	\$66.7

Earnings per share excluding non-cash charges related to the mark-to-market of interest rate caps and share-based compensation are determined by dividing the amount of net income excluding such charges by the average number of shares outstanding for that period. The average number of shares is based on a daily average.
