According to Andrew Glashow, President and COO of CLS Holdings, "As the Nevada cannabis market continues to mature, we are seeing record results month over month. We have spent tireless hours to get to this point optimizing our two primary assets, Oasis Cannabis Dispensary and City Trees. While the market normally slows over the summer our growth has continued. As a result of the record number of dispensary customers in August, we have started modifying the layout of the dispensary to increase the available retail square footage from 1,650 sf to approximately 2,000 sf. The dispensary expansion, which will be funded entirely out of cash flow from operations, is anticipated to be completed by the first week of November."
