OPERATIONS OUTPERFORM EXPECTATIONS

"We had an exceptional year, achieving record occupancy levels and solid rent growth that exceeded most of our objectives," said Luis Gutierrez, CEO, Prologis Mexico. "This outperformance is the result of favorable market conditions in which the demand for modern, well-located logistics facilities is greater than the supply."

As previously announced, during 2015, FIBRA Prologis completed US\$650 million of new unsecured syndicated debt. This includes the recast and upsize of the previous line of credit to a US\$400 million unsecured credit line facility and a US\$250 million of an unsecured term loan that was used to pay off US\$134 million of secured debt maturing in December 2016.

Subsequent to year end, FIBRA Prologis refinanced US\$107.0 million, including prepayment cost, of the secured loans maturing in 2016. The secured facility matures in January 2026 and was priced at a 4.67 percent fixed interest rate.
