MEXICO CITY, Oct. 25, 2018 /PRNewswire/ -- FIBRA Prologis (BMV:FIBRAPL 14), a leading owner and operator of Class-A industrial real estate in Mexico, today reported results for the third quarter of 2018.

HIGHLIGHTS FROM THE QUARTER:

- Period-end occupancy was 96.5 percent.
- Net effective rents on rollover increased 10.6 percent.
- Weighted average customer retention was 83.2 percent.

Net earnings per CBF1 in the third quarter was Ps. 0.9621 (US\$0.0497) compared with Ps. 0.7049 (US\$0.0398) for the same period in 2017.

STRONG OPERATING RESULTS

"Despite unevenness in the financial and capital markets, the strong U.S. economy has been a key driver of demand in Mexico," said Luis Gutierrez, CEO, Prologis Property Mexico. "The uncertainty surrounding the Mexican presidential election and NAFTA renegotiations prevented a resilient, healthy operating environment from reaching its potential—now that there is greater clarity on these two fronts, we expect a scenario of accelerated growth."

Gutierrez added: "FIBRA Prologis delivered terrific operating and financial results in the third quarter, and we expect this to remain the case as logistics real estate demand continues its trajectory of outpacing the broader Mexican economy."

SOLID FINANCIAL POSITION

At September 30, 2018, FIBRA Prologis' leverage was 32.9 percent and liquidity was Ps. 5.8 billion (US\$307.0 million), which included Ps. 5.6 billion (US\$296.0 million) of available

capacity on its unsecured credit facility and Ps. 207.4 million (US\$11.0 million) of unrestricted cash.

"Our balance sheet strength remains a key competitive advantage with low leverage, healthy liquidity and no maturities until 2020," said Jorge Girault, senior vice president, Finance, Prologis Mexico. "Ensuring a flexible balance sheet, we are proactively working on addressing our medium- and long-term maturities."

GUIDANCE UPDATE

"While rent change upon renewal and average occupancy have been very good, our cash same store NOI was impacted by a weaker peso and higher concessions due to longer lease terms," added Girault. "As a result, we are adjusting our cash same store guidance accordingly. We are also providing FFO per CBF1 to include the impact of the incentive fee recorded in the second quarter as well as associated incremental certificates to be issued in the fourth quarter."
