MICRO-CAP IPO SUMMARY

The micro-cap IPO market continued its strong start for 2022, with 8 issuers listing their shares on the Nasdaq in April, raising a combined \$137 million. Micro-cap issuers who operate in 4 different sectors completed their IPOs in April 2022, including from the healthcare, communication services, technology and industrials sectors. Micro-cap foreign private issuers (FPIs) from 2 different jurisdictions completed their IPOs in the U.S., including from Singapore and the Cayman Islands. Offerings ranging from \$9,400,000 to \$36,000,000 were completed by micro-cap issuers, with investment banking partners including Benchmark, Maxim Group, Aegis Capital and Boustead Securities. Two of the 8 micro-cap issuers included warrants as part of the transaction. Overall, the micro-cap IPOs market continued to perform well in April. We remain hopeful for an active IPO participation for micro-cap issuers in the months ahead even if the broader markets begin to slow or slide.
