On November 6,
Michael Kuehn,
President of Astronics
Connectivity Systems

and Certification (CSC), and Ruan Guang, Chairman of CMC, signed the cooperation agreement at the Second China International Import Expo (CIIE) in Shanghai, China. Top executives from Astronics and China Genertec, the shareholder of CMC, witnessed the signing ceremony.

"This agreement enables Astronics to serve Chinese aircraft enterprises with the world's most advanced IFEC hardware technology and certification services, and strongly positions us in the fastest growing aerospace market in the world," says Michael Kuehn.

About Astronics Corporation

Astronics Corporation (Nasdaq: ATRO) serves the world's aerospace, defense, and other mission critical industries with proven, innovative technology solutions. Astronics works side-by-side with customers, integrating its array of power, connectivity, lighting, structures, interiors and test technologies to solve complex challenges. For 50 years, Astronics has delivered creative, customer-focused solutions with exceptional responsiveness. Today, global airframe manufacturers, airlines, militaries, completion centers and Fortune 500 companies rely on the collaborative spirit and innovation of Astronics.
