**- Third Consecutive Year of Recognition -**

CALABASAS, Calif., April 20, 2023 (GLOBE NEWSWIRE) -- [NETSOL Technologies, Inc.](https://www.netsoltechnologies.com) (Nasdaq: [NTWK](https://www.netsoltechnologies.com)), a global business services and enterprise application solutions provider, has been selected by Monitor Daily for recognition in its feature of the 'Most Innovative Companies in the Equipment Finance Ecosystem'. NETSOL has previously been selected for recognition by the publication in 2021 and 2022 in the 'Sustaining' category, which is defined as companies committed to an industry niche and continuous improvement that are staying at the forefront of technology change.

Based in North America, Monitor Daily is considered the leading source for equipment finance and leasing industry news, articles and opinions and has been serving the unique informational needs of the equipment finance and leasing industry for more than four decades.

"As a global IT powerhouse serving a diverse clientele including bluechip and Fortune 500 companies worldwide, innovation is at the forefront of everything NETSOL does," said Najeeb Ghauri, Founder and CEO of NETSOL Technologies Inc. "In today's highly dynamic and ever-changing landscape, innovation and adaptability are integral to success, and that is how NETSOL operates. I would like to thank Monitor Daily for featuring us for the third consecutive year in their list of the most innovative companies in the equipment finance ecosystem. This recognition illustrates our reputation as a premier service provider to the global equipment finance and leasing industry."

Peter Minshall, Executive Vice President at NETSOL Technologies Inc., commented, "With a proven track record of successful worldwide implementations of our technology solutions for equipment finance and leasing companies, as well as banks, automotive and other financial institutions, our Ascent platform for the global asset finance and leasing industry continues to futureproof operations for companies in North America, Europe and Asia-Pacific. Currently, NETSOL has also been focusing on developing SaaS-based products built with an API-first approach, further enabling equipment finance and leasing providers and other financial institutions worldwide to streamline their developments and reduce costs."
