NETSOL Cloud Services Earns AWS Well-Architected Partner Program Badge

ENCINO, Calif., June 21, 2023 (GLOBE NEWSWIRE) -- NETSOL Cloud Services, a leading cloud services provider and division of NETSOL Technologies, Inc. (Nasdaq: NTWK), has been recognized as an AWS Well-Architected Partner. This accreditation and inclusion into the AWS Well-Architected Partner Program acknowledges NETSOL Cloud Services' expertise in delivering exceptional cloud solutions and allows NETSOL Cloud Services to establish good architectural habits, reduce risks, and respond faster to changes that affect designs, applications, and workloads, solidifying its position as a trusted industry leader.

Inclusion in the AWS Well-Architected Partner Program highlights NETSOL Cloud Services' commitment to designing, building, and maintaining secure, reliable, and efficient cloud architectures, and demonstrates its ability to optimize performance, security, reliability, cost efficiency, and operational excellence for clients.

"As an AWS Well-Architected Partner, we are proud to be recognized for our dedication to delivering cutting-edge cloud solutions aligned with industry best practices," said Raj Harjika, VP of Technology at NETSOL Cloud Services. "This achievement showcases our team's expertise and commitment to helping our clients succeed in their digital transformation journey by leveraging the power of the AWS platform."

As an AWS Well-Architected Partner, NETSOL Cloud Services will continue to guide clients through the AWS ecosystem, delivering tailored cloud advisory services that optimize workloads and enhance security measures to ensure peak operational efficiency. This recognition further showcases NETSOL Cloud Services' ability to deliver innovative cloud solutions that provide a competitive edge and drive industry growth.

"We are proud to be recognized as an AWS Well-Architected Partner," said Najeeb Ghauri, CEO of NETSOL Technologies, America. "This distinction validates our team's expertise and dedication to helping clients achieve their business objectives through cloud technology."
