About NETSOL Technologies

NETSOL Technologies, Inc. (Nasdaq: NTWK) is a worldwide provider of IT and enterprise software solutions primarily serving the global leasing and finance industry. The Company's suite of applications is backed by 40 years of domain expertise and supported by a committed team of professionals placed in ten strategically located support and delivery centers throughout the world. NETSOL's products help companies transform their finance and leasing operations, providing a fully automated asset-based finance solution covering the complete leasing and finance lifecycle.

Forward-Looking Statements

This press release may contain forward-looking statements relating to the development of the Company's products and services and future operation results, including statements regarding the Company that are subject to certain risks and uncertainties that could cause actual results to differ materially from those projected. The words "expects," "anticipates," variations of such words, and similar expressions, identify forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, but their absence does not mean that the statement is not forward-looking. These statements are not guarantees of future performance and are subject to certain risks, uncertainties, and assumptions that are difficult to predict. Factors that could affect the Company's actual results include the progress and costs of the development of products and services and the timing of the

market acceptance. The subject Companies expressly disclaim any obligation or undertaking to update or revise any forward-looking statement contained herein to reflect any change in the company's expectations with regard thereto or any change in events, conditions or circumstances upon which any statement is based.
