MEDIA ALERT: Microsoft Azure ExpressRoute Now Available in Equinix Washington D.C. Data Centers

Equinix to Exhibit at Microsoft Worldwide Partner Conference 2014

WASHINGTON, July 11, 2014 /PRNewswire/ -- [Equinix, Inc.](#) (Nasdaq: EQIX), the global interconnection and [data center company](#), today announced the general availability of [Microsoft Azure ExpressRoute](#) via the Equinix Cloud Exchange in the Washington, D.C. market. ExpressRoute is designed to help customers bridge public cloud and on-premise IT to privately and securely extend enterprise networks while improving performance, reliability and scalability. The [Equinix Cloud Exchange](#) enables customers to connect to Microsoft Azure in Equinix International Business Exchange (IBX[®]) data centers in the Washington D.C. metro area, one of the largest interconnection points in the world. The Microsoft Azure ExpressRoute service is being rolled out in multiple metro areas in North America, Europe, Asia-Pacific and South America throughout 2014.

Additionally, Equinix will be participating in the Microsoft [Worldwide Partner Conference \(WPC\) 2014](#). The event will take place from July 13-17 at the Washington Convention Center. Equinix will be in booth #607 and will be showcasing the Equinix Cloud Exchange and Performance Hub

solutions. To request a meeting, please email partnerservices@equinix.com.

Forward Looking Statements

This press release contains forward-looking statements that involve risks and uncertainties. Actual results may differ materially from expectations discussed in such forward-looking statements. Factors that might cause such differences include, but are not limited to, the challenges of acquiring, operating and constructing IBX centers and developing, deploying and delivering Equinix services; unanticipated costs or difficulties relating to the integration of companies we have acquired or will acquire into Equinix; a failure to receive significant revenue from customers in recently built out or acquired data centers; failure to complete any financing arrangements contemplated from time to time; competition from existing and new competitors; the ability to generate sufficient cash flow or otherwise obtain funds to repay new or outstanding indebtedness; the loss or decline in business from our key customers; and other risks described from time to time in Equinix's filings with the Securities and Exchange Commission. In particular, see Equinix's recent quarterly and annual reports filed with the Securities and Exchange Commission, copies of which are available upon request from Equinix. Equinix does not assume any obligation to update the forward-looking information contained in this press release.
