Telkonet, Inc. Continues to Grow Its Field Services Department With the Addition of Industry Professional Greg Woodliff

MILWAUKEE, July 21, 2014 /PRNewswire/ -- Telkonet, Inc. (OTCQB: TKOI), whose complementary business divisions include EcoSmart, an intelligent energy management technology solution and EthoStream, one of the largest high-speed Internet access (HSIA) providers in the world, is pleased to announce the addition of Mr. Greg Woodliff, Director of Field Services.

As a highly experienced operations and field services professional, Greg was most recently Director of Technical Support at hotel SystemsPro, a technology company based in Atlanta, GA. He also was the Director of Technical Services at VingCard Elsafe, manufacturer of hotel locks, based in Richardson, TX.

"My years of experience working in field services in the hotel industry, was a perfect fit for joining Telkonet's team and I could not be more excited." He also stated, "Telkonet is a leading solution-provider of energy management technology, and I am looking forward to contributing to the success of the field services department, as well as, providing superior customer support for the EcoSmart Platform and the EthoStream HSIA network. What we do here works."

Jason Tienor, President and Chief Executive Officer of Telkonet stated, "Greg brings a wealth of strategic knowledge and understanding of operations, project development, training and installation, to the field services' team. We anticipate his vast experience will have a tremendous impact to the continued success of our company, as well as, providing exceptional customer service."

ABOUT TELKONET
Telkonet is leading energy management technology provider offering hardware, software and services to Commercial customers throughout the world. The EcoCentral Platform, in conjunction with the EcoSmart Suite of products, provides comprehensive savings, management and reporting of a building's energy consumption. Telkonet's energy management products are installed in properties within the Hospitality, Military, Educational, Healthcare and Residential markets reducing energy consumption, Carbon footprints and eliminating the need for new energy generation. www.telkonet.com

ABOUT ETHOSTREAM
EthoStream is one of the largest public High-Speed Internet Access (HSIA) providers in the

world providing services to more than 2.5 million users monthly across a network of greater than 2,250 locations. EthoStream's EGS line of public-access gateway servers provides real-time monitoring and management of guest-access networks while its 24/7 support center is known for the highest levels of quality and service. With a wide range of product and service offerings and one of the most comprehensive management platforms available for HSIA networks, EthoStream offers solutions for any public access location. www.ethostream.com
