Iterum Therapeutics Announces Expiration and Results of Rights Offering

DUBLIN and CHICAGO, Aug. 06, 2024 (GLOBE NEWSWIRE) -- Iterum Therapeutics plc (Nasdaq: ITRM) (the "Company"), a clinical-stage pharmaceutical company focused on developing next generation oral and IV antibiotics to treat infections caused by multi-drug resistant pathogens in both community and hospital settings, today announced that the subscription period of its previously announced rights offering (the "Rights Offering") expired at 5:00 p.m., Eastern Time, on August 6, 2024. As previously disclosed, the Company distributed, at no charge, subscription rights to the Company's shareholders and holders of warrants that had contractual rights to participate in the Rights Offering which were not waived (each, an "eligible warrant holder" and collectively, the "eligible warrant holders") as of 5:00 p.m., Eastern Time, on July 16, 2024 (the "Record Date").

The Company distributed an aggregate of 17,007,601 non-transferable subscription rights to purchase an aggregate of 8,503,800 units ("Units") at a subscription price of \$1.21 per whole Unit, consisting of (a) one ordinary share, (b) a warrant to purchase 0.50 ordinary shares, at an exercise price of \$1.21 per whole ordinary share from the date of issuance through its expiration one year from the date of issuance (the "1-year warrants") and (c) a warrant to purchase one ordinary share, at an exercise price of \$1.21 per whole ordinary share from the date of issuance through its expiration five years from the date of issuance (the "5-year warrants" and, together with the 1-year warrants, the "warrants"). Each shareholder and holder of eligible warrants received one subscription right for every ordinary share owned and every ordinary share issuable upon exercise of eligible warrants at 5:00 p.m., Eastern Time, on the Record Date. Each subscription right entitled its holder to purchase 0.50 Units, at a subscription price of \$0.605 per 0.50 Units (the "Subscription Price"), consisting of (i) 0.50 ordinary shares, (ii) a 1-year warrant to purchase 0.25 ordinary shares and (iii) a 5-year warrant to purchase 0.50 ordinary shares, which the Company refers to as the "basic subscription right."

Holders who fully exercised their basic subscription rights were entitled to exercise an over-subscription privilege to subscribe for and purchase, at the Subscription Price, additional Units that remain unsubscribed as a result of unexercised basic subscription rights (the "over-subscription privilege"), subject to proration and share ownership limitations.

During the Rights Offering, rights holders validly subscribed for 6,121,965 Units at the Subscription Price. Subscription rights that were not properly exercised by 5:00 p.m., Eastern Time, on August 6, 2024, expired and may no longer be exercised. As sufficient Units were available after the expiration of the subscription period to satisfy all over-subscription privilege requests, the Company honored all over-subscription privilege requests in full. A total of 5,091,550 Units were validly exercised pursuant to the over-subscription privilege. The Company expects to deliver the ordinary shares underlying the Units purchased in the Rights Offering to rights holders on or about August 9, 2024, and expects to deliver the 1-year warrants and 5-year warrants comprising the Units purchased

in the Rights Offering to the warrant agent on or about August 9, 2024.

Based on these results, the Company estimates that it will receive aggregate gross proceeds of approximately \$7.4 million, not including estimated expenses relating to the Rights Offering and payable by the Company of approximately \$1.1 million.
