ISA Signs Agreement With Datacentrix as a Reseller of OSPI and Data Center Data Collection Services

STUART, Fla., Aug. 22, 2011 (GLOBE NEWSWIRE) -- Information Systems Associates, Inc. (OTCQB:IOSA), a company focused on Data Center Infrastructure Management (DCIM), Data Center Data Collection, and Mobile Data Center Management today announced that it has signed an Exclusive OSPI Software Reseller and Implementation Services Agreement for the Republic of South Africa with Datacentrix Ltd, a South Africa-based company that provides full high performing and secure ICT (information and communication technology) solutions to the country's corporate and public services sectors. Under terms of the agreement, Datacentrix Ltd will offer ISA's OSPI software, implementation services and data center data collection services to its customers.

Joe Coschera, the Chief Executive Officer of Information Systems Associates, stated, "This agreement, strengthens ISA's commitment to establishing global partnerships with industry leaders whose customers can directly benefit from ISA's deep understanding of the Data Center Infrastructure Management systems. We are most excited about having a respected firm such as Datacentrix Ltd offering the OSPI software system and services to its clients in South Africa. ISA has assigned resources in support of the Datacentrix relationship and we look forward to working closely with the Datacentrix team."

"The data center space is a critical focus area for Datacentrix currently and into the future," said Johann Coetzee, Managing Director of the Datacentrix Infrastructure division. "We believe that gaining local market share within this area is a certainty, through our association with ISA as a leading provider of data center and facilities management solutions with a reputation for providing state of the art solutions and services. We look forward to the partnership going from strength to strength."
