Information Systems Associates Executes Merger Agreement With Duos Technologies

Closing Anticipated by March 31, 2015

CORAL SPRINGS, FL / ACCESSWIRE / February 9, 2015 Information Systems Associates (IOSA) or ("ISA") has executed a definitive merger agreement with Duos Technologies of Jacksonville Florida pursuant to which, subject to the satisfaction or waiver of the conditions specified in the agreement, Duos and a newly created subsidiary of ISA will merge in a statutory reverse triangular merger with Duos surviving the Merger as a wholly owned subsidiary of ISA. The closing of the merger agreement is subject to certain conditions.

The merged entity will focus on the intelligent technologies, IT and Cloud services markets. The companies are presenting at The Brewer Group "Innovations" conference today and will share key components of their plans at the conference.

The combined Company anticipates executing on its strategy involving significant growth in revenue and long-term profitability. This strategy includes continued R&D investment, new initiatives in sales and marketing, as well as strategic acquisitions.

Adrian Goldfarb, ISA's President and CFO said, "I am delighted that we have executed the merger agreement. This allows us to focus on closing the merger and executing the business plan that we have been working on collaboratively with Duos." Mr. Goldfarb will continue as Chief Financial Officer of the merged entity.

Gianni Arcaini, current CEO of Duos, will become the CEO and Chairman of the merged entity taking over from Joe Coschera, ISA's current CEO who will remain with the company in charge of ISA's existing professional services business. "This important milestone sets the stage for our multi-step growth strategy. The complexity and rapid growth of the technology sector present great opportunities to investors and requires a strong team that knows how to keep a step ahead of its competition. We are delighted to welcome Joe Coschera and Adrian Goldfarb to our expanding management team," Mr. Arcaini stated.
