

Duos Technologies Group Awarded Contract to Expand Centraco Command and Control Platform for Monroe County's Sheriff Office

System Expansion Includes Critical System Upgrades

JACKSONVILLE, FL -- (Marketwired) -- 08/18/15 -- Duos Technologies Group (OTCQB: DUOT), a provider of intelligent security analytical technology solutions, has been awarded a contract by the Monroe County's Sheriff Office (MCSO) to expand their use of the centraco™ Command and Control platform with integration and upgrades to the access control and intercom systems throughout the Key West jail facility. This upgrade will enable operators to have complete control of door controls, video surveillance and intercom systems through a single user interface. centraco™ is a powerful enterprise level software management platform which incorporates the traditional "Physical Security Information Management" ("PSIM") functionality with a comprehensive Enterprise Information System ("EIS") software suite.

"Our Centraco application facilitates the integration of a variety of security systems for improved situational awareness and response," stated Felix Krupczynski, EVP & GM for Duos Technologies Group. "This is a critical upgrade that provides the MCSO expansion paths to minimize future costs and expand safety and security at MCSO's jail system."

Gianni Arcaini, Chairman and CEO of Duos Technologies Group, stated, "We are very pleased that our partnership with the MCSO has expanded to allowing us to consolidate all aspects of safety and security of MCSO's jail operations. Our technologies will be a significant force multiplier to the security infrastructure and provide correction officers and management the sophisticated tools they deserve and need. We are delighted to be MCSO's technology partner of choice. Our intelligent technology platforms truly provide the necessary foundations for operational effectiveness for a variety of industries including law enforcement."
