About the Analyst

Mr. Silver joined Wall Street Resources in 2006 as the Director of Research. He has been in the financial services industry since 1995 and began his professional career in auditing with a Big Four accounting firm in New York City. Mr. Silver made the move to Wall Street as a sell-side research analyst for two global investment banks in New York City including Salomon Smith Barney and UBS Paine Webber. At Salomon Smith Barney he was a member of the firm's research team covering REITs that was consistently ranked #1 by Institutional Investor magazine. Most recently, Mr. Silver worked for a private equity firm as its Chief Investment Strategist.

Mr. Silver is a graduate of the College of William and Mary in Virginia with a BA in liberal arts and New York University's Stern Business School with an MBA in International Finance and Accounting.

Forward-Looking Statements

This press release and links to prior Company press releases may contain forward-looking statements that involve substantial uncertainties and risks. These forward-looking statements are based upon our current expectations, estimates and projections and reflect

our beliefs and assumptions based upon information available to us at the date of this release. We caution readers that forward-looking statements are predictions based on our current expectations about future events. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties and assumptions that are difficult to predict. Our actual results, performance or achievements could differ materially from those expressed or implied by the forward-looking statements as a result of a number of factors, including but not limited to, the content, accuracy or timeliness contained in research reports, our expectations as to continued revenues growth and ultimate profitability, our business environment and industry trends, competitive environment, the sufficiency and availability of working capital, ability to raise working capital and general changes in economic conditions. Further information on our risk factors is contained in our filings with the SEC, including the Form 10-K for the year ended December 31, 2014. We undertake no obligation to revise or update any forward-looking statement for any reason.
