Conference ID: 13733447

About Nauticus

[Nauticus Robotics, Inc.](#) is a developer of ocean robots, autonomy software, and services delivered to the marine industries. Nauticus' robotic systems and services are delivered to commercial and government-facing customers through a Robotics-as-a-Service (RaaS) business model and direct product sales for both hardware platforms and software licenses. Besides a standalone service offering and products, Nauticus' approach to ocean robotics has also resulted in the development of a range of technology products for retrofitting/upgrading legacy systems and other third-party vehicle platforms. Nauticus provides customers with the necessary data collection, analytics, and subsea manipulation capabilities to support and maintain assets while reducing their operational footprint,

operating cost, and greenhouse gas emissions to improve offshore health, safety, and environmental exposure.
