

Nauticus Robotics Reports Fourth Quarter and Full Year 2022 Results

HOUSTON, March 28, 2023 (GLOBE NEWSWIRE) -- <u>Nauticus Robotics, Inc.</u> ("Nauticus" or the "Company") (NASDAQ: KITT), a developer of autonomous robots using artificial intelligence for data collection and intervention services for the ocean industries, today announced results for the fourth quarter and full year ended December 31, 2022.

Financial Highlights

- Full-year 2022 revenues increased 33% to \$11.4 million.
- Fourth guarter 2022 revenue of \$3.2 million, exceeding expectations.
- As of December 31, 2022, Nauticus held cash and short-term investments of \$23.0 million and a working capital surplus of \$33.1 million.

Recent Operational Highlights

- Progress continues on both of our US Defense Innovation Unit programs for the development of autonomous mine countermeasure robots to support and significantly improve the safety of service members and keep critical sea lanes clear.
- Successfully completed in-water demonstrations for Shell, and are now scoping the next phase of our previously announced project for supervised autonomy and tool control through acoustic communication networking technology.
- <u>Initiated international expansion</u> with operating bases in Stavanger, Norway and Aberdeen, Scotland to service the North Sea offshore market.
- Nearing production completion of the initial Nauticus Fleet and commenced in-water commissioning of Aquanauts.

"Our mission is to improve the way industries operate in the ocean through the use of artificial intelligence. During 2022 and into 2023, we've seen an increase in interest in our robotics solutions from both government- and commercial-oriented customers," said Nicolaus Radford, founder and CEO of Nauticus. "Our continued progress with the DIU and Shell are testimonials of what's to come as we deploy the most advanced and capable ocean robotic systems in the world. We look forward to providing future updates as we continue to execute our plan and progress towards the launch of our commercial services this year."

Fourth Quarter 2022 Financial Results

Nauticus reported fourth quarter revenue of \$3.2 million compared to \$5.3 million in the prior-year period. The decrease in revenue is primarily attributable to revenue from our largest 2021 contract being recognized primarily during the fourth quarter.

Total operating expenses during the fourth quarter were \$10.4 million, a \$3.6 million

increase from the prior-year period. The increase was mainly attributable to higher cost of revenue and increased general and administrative ("G&A") costs associated with being a public company.

For the quarter, Nauticus recorded a net loss attributable to common stockholders of \$8.2 million, or \$0.21 per basic and diluted share. This compares to a net loss attributable to common stockholders of \$11.2 million, or \$1.17 per basic and diluted share in the prior year comparable period.

Net loss attributable to common stockholders for the fourth quarter of 2022 and 2021 includes certain items typically excluded from published estimates by the investment community. Adjusted net loss attributable to common stockholders, which excludes the impact of these items as described in the non-GAAP reconciliation table below, was \$7.7 million, or \$0.19 per diluted share, in the fourth quarter of 2022, compared to a net loss of \$1.8 million, or \$0.18 per diluted share, in the fourth quarter of 2021.

Full Year 2022 Financial Results

Nauticus reported full year revenue of \$11.4 million, an increase of 33% compared to 2021. The increase is primarily attributable to revenue from four new service contracts and increased performance on an existing service contract.

Total operating expenses during the year were \$29.8 million, a \$14.7 million increase vs. 2021. 2022 operating expenses include \$3.5 million of one-time deal-related expenses. Other drivers of the year-over-year increase primarily relate to higher cost of revenue and increased general and administrative ("G&A") costs associated with being a public company.

For the year, Nauticus recorded a net loss attributable to common stockholders of \$33.2 million, or \$1.75 per basic and diluted share. This compares to a net loss attributable to common stockholders of \$15.1 million, or \$1.57 per basic and diluted share in the prior-year period.

Net loss attributable to common stockholders for the full year of 2022 and 2021 includes certain items typically excluded from published estimates by the investment community. Adjusted net loss attributable to common stockholders, which excludes the impact of these items as described in the non-GAAP reconciliation table below, was \$18.3 million, or \$0.96 per diluted share in 2022, compared to a net loss of \$7.2 million, or \$0.75 per diluted share, in 2021.

Liquidity

Nauticus ended 2022 with \$23.0 million in cash and short-term investments. This includes \$5.0 million of short-term T-bills that were classified as short-term investments. The Company had a working capital surplus of \$33.1 million at year-end.

Outlook

Supply chain issues have delayed the delivery of the Company's Aquanaut and Hydronaut units. Thankfully, most of these issues have been resolved, and the Company expects to take delivery of these assets in the second and third quarters of the year, with commissioning to begin shortly thereafter. Nauticus continues to see high interest for its

service offering and expects each of its Nauticus Fleet pairs, comprised of an Aquanaut and a delivery vessel such as a Hydronaut, to have the potential to generate \$6-\$10 million of revenue per year. On the government and defense side, the Company continues to make progress on multiple contracts, positioning Nauticus for significant growth as it moves from funded technology maturation to product sales.

Conference Call and Webcast Information

Nauticus will host a conference call today, March 28, 2023 at 4:30 p.m. Eastern time (1:30 p.m. Pacific time). A question-and-answer session will follow management's presentation.

U.S. dial-in number: 1-877-407-9039 International number: 1-201-689-8470

Conference ID: 13737116

The conference call will broadcast live and be available for replay here.

A replay of the call will be available after 8:30 p.m. Eastern time today through April 11, 2023.

Toll-free replay number: 1-844-512-2921 International replay number: 1-412-317-6671

Conference ID: 13737116

About Nauticus

Nauticus Robotics, Inc. is a developer of autonomous robots using artificial intelligence for data collection and intervention services for the ocean industries. Nauticus' robotic systems and services are delivered to commercial and government-facing customers through a Robotics-as-a-Service (RaaS) business model and direct product sales for both hardware platforms and software licenses. Besides a standalone service offering and products, Nauticus' approach to ocean robotics has also resulted in the development of a range of technology products for retrofitting/upgrading legacy systems and other third-party vehicle platforms. Nauticus provides customers with the necessary data collection, analytics, and subsea manipulation capabilities to support and maintain assets while reducing their operational footprint, operating cost, and greenhouse gas emissions to improve offshore health, safety, and environmental exposure.

Cautionary Language Regarding Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the "Act") and are intended to enjoy the protection of the safe harbor for forward-looking statements provided by the Act as well as protections afforded by other federal securities laws. Such forward-looking statements include, but are not limited to: the expected timing of product commercialization or new product releases; customer interest in Nauticus' products; estimated 2023 operating results and use of cash; and Nauticus' use of and needs for capital. Generally, statements that are not historical facts, including statements concerning possible or assumed future actions, business strategies, events, or results of operations, are forward-looking statements. These statements may be preceded by, followed by or include the words "believes," "estimates,"

"expects," "projects," "forecasts," "may," "will," "should," "seeks," "plans," "scheduled," "anticipates," "intends" or "continue" or similar expressions. Forward-looking statements inherently involve risks and uncertainties that may cause actual events, results or performance to differ materially from those indicated by such statements. These forwardlooking statements are based on Nauticus' management's current expectations and beliefs, as well as a number of assumptions concerning future events. There can be no assurance that the events, results, or trends identified in these forward-looking statements will occur or be achieved. Forward-looking statements speak only as of the date they are made, and Nauticus is not under any obligation and expressly disclaims any obligation, to update, alter or otherwise revise any forward-looking statement, whether as a result of new information, future events, or otherwise, except as required by law. Readers should carefully review the statements set forth in the reports which Nauticus has filed or will file from time to time with the Securities and Exchange Commission (the "SEC") for a more complete discussion of the risks and uncertainties facing the Company and that could cause the forward-looking statements no to occur, in particular the sections entitled "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements" in documents filed from time to time with the SEC, including Nauticus' Quarterly Report on Form 10-Q filed with the SEC on November 14, 2022 (and amended on March 8, 2023). Should one or more of these risks, uncertainties or other factors materialize, or should assumptions underlying the forward-looking information or statements prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated or expected. The documents filed by Nauticus with the SEC may be obtained free of charge at the SEC's website at www.sec.gov.

Nauticus Robotics, Inc. Non-GAAP Financial Measures

Reconciliation of Net Loss Attributable to Common Stockholders (GAAP) to Adjusted Net Loss Attributable to Common Stockholders (Non-GAAP)

Adjusted net loss attributable to common stockholders is a non-GAAP financial measure which excludes certain items that are included in net loss attributable to common stockholders, the most directly comparable GAAP financial measure. Items excluded are those which the Company believes affect the comparability of operating results and are typically excluded from published estimates by the investment community, including items whose timing and/or amount cannot be reasonably estimated or are non-recurring.

Adjusted net loss attributable to common stockholders is presented because management believes it provides useful additional information to investors for analysis of the Company's fundamental business on a recurring basis. In addition, management believes that adjusted net loss attributable to common stockholders is widely used by professional research analysts and others in the valuation, comparison, and investment recommendations of companies such as Nauticus.

Adjusted net loss attributable to common stockholders should not be considered in isolation or as a substitute for net loss attributable to common stockholders or any other measure of a company's financial performance or profitability presented in accordance with GAAP. A reconciliation of the differences between net loss attributable to common stockholders and adjusted net loss attributable to common stockholders is presented below. Because adjusted net loss attributable to common stockholders excludes some, but not all, items that affect net loss attributable to common stockholders and may vary among companies, our calculation of adjusted net loss attributable to common stockholders may not be comparable to similarly titled measures of other companies.

	Three Months Ended December 31,			Year Ended December 31,
