The Ball Foundation Contributes $2.4 Million in 2013

BROOMFIELD, Colo., March 13, 2014 /PRNewswire/ -- In 2013, The Ball Foundation awarded approximately $2.4 million to nonprofit organizations operating in U.S. communities where Ball Corporation (NYSE: BLL) employees live and work. The Foundation focuses its investments in the areas of education, recycling and community engagement.

"The grants awarded by The Ball Foundation demonstrate a commitment to investing in the communities where Ball operates," said Kathleen Pitre, executive director of the Ball Foundation. "These investments reflect our core values and are making a meaningful impact in the community."

About The Ball Foundation
The Ball Foundation is a 501(c)(3) nonprofit, private foundation. Founded in December 2010, the Ball Foundation's mission is to provide financial support to nonprofit organizations that sustain the communities in which we live and operate by improving and promoting education, recycling and community engagement. Forward-Looking Statements
This release contains "forward-looking" statements concerning future events and financial performance. Words such as "expects," "anticipates," "estimates" and similar expressions identify forward-looking statements. Such statements are subject to risks and uncertainties, which could cause actual results to differ materially from those expressed or implied. The company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Key risks and uncertainties are summarized in filings with the Securities and Exchange Commission, including Exhibit 99 in our Form 10-K, which are available on our website and at www.sec.gov. Factors that might affect: a) our packaging segments include product demand fluctuations; availability/cost of raw materials; competitive packaging, pricing and substitution; changes in climate and weather; crop yields; competitive activity; failure to achieve productivity improvements or cost reductions; mandatory deposit or other restrictive

packaging laws; changes in major customer or supplier contracts or loss of a major customer or supplier; political instability and sanctions; and changes in foreign exchange or tax rates; b) our aerospace segment include funding, authorization, availability and returns of government and commercial contracts; and delays, extensions and technical uncertainties affecting segment contracts; c) the company as a whole include those listed plus: changes in senior management; successful or unsuccessful acquisitions and divestitures; regulatory action or issues including tax, environmental, health and workplace safety, including U.S. FDA and other actions or public concerns affecting products filled in our containers, or chemicals or substances used in raw materials or in the manufacturing process; technological developments and innovations; litigation; strikes; labor cost changes; rates of return on assets of the company's defined benefit retirement plans; pension changes; uncertainties surrounding the U.S. government budget, sequestration and debt limit; reduced cash flow; ability to achieve cost-out initiatives; interest rates affecting our debt.
