

Commitment Letter to implement a Quality Management System Certification (according to IATF 16949)

Our green field facility in Cleveland, TN is working towards the implementation of the IATF 16949:2016 Quality Management System certificate. Our management team is committed to ensure that our processes are identified and followed to comply to the IATF 16949 standard and ensure customer requirements are met.

We hereby apply for a postponement of the deadline for the implementation of a Quality Management System certification for the specified location below. This certification is planned to be completed by 12/2023.
