

# Supplemental Information

# Q4 2025

Omega Healthcare Investors, Inc. is a Real Estate Investment Trust (“REIT”) providing financing and capital to the long-term healthcare industry in the United States and the United Kingdom with a focus on skilled nursing and assisted living facilities, including care homes in the United Kingdom.

As of December 31, 2025, Omega’s investment portfolio consists of 1,111 operating facilities, which includes 84 facilities held through unconsolidated entities. These facilities are located across 44 states, the District of Columbia and the United Kingdom/Jersey and are operated or managed by 94 different operators.

As a source of capital to the healthcare industry, Omega continually evaluates the opportunities, trends and challenges affecting the industry. Our goal is to identify long-term investments in quality healthcare properties with outstanding operators that provide the most favorable risk/reward ratio to our investors.

*This supplemental includes forward-looking statements within the meaning of the federal securities laws. All statements regarding Omega's or its tenants', operators', borrowers' or managers' expected future financial condition, results of operations, cash flows, funds from operations, dividends and dividend plans, financing opportunities and plans, capital markets transactions, business strategy, budgets, projected costs, operating metrics, capital expenditures, competitive positions, acquisitions, investment opportunities, dispositions, facility transitions, growth opportunities, expected lease income, continued qualification as a REIT, plans and objectives of management for future operations and statements that include words such as "anticipate," "if," "believe," "plan," "estimate," "expect," "intend," "may," "could," "should," "will" and other similar expressions are forward-looking statements. These forward-looking statements are inherently uncertain, and actual results may differ from Omega's expectations.*

*Omega's actual results may differ materially from those reflected in such forward-looking statements as a result of a variety of factors, including, among other things: (i) uncertainties relating to the business operations of the operators of Omega's properties, including those relating to reimbursement by third-party payors, regulatory matters, occupancy levels and quality of care, including the management of infectious diseases; (ii) our operators' ability to manage industry challenges, including staffing shortages, which may impact certain regions more acutely, increased costs, and the sufficiency of government reimbursement rates to offset such costs and the conditions related thereto; (iii) additional regulatory and other changes in the healthcare sector, including changes to Medicaid and Medicare reimbursements, the potential impact of recent changes to state Medicaid funding levels as well as state regulatory initiatives or minimum staffing requirements for skilled nursing facilities ("SNFs") that may further exacerbate labor and occupancy challenges for Omega's operators; (iv) the ability of any of Omega's operators in bankruptcy to reject unexpired lease obligations, modify the terms of Omega's mortgages and impede the ability of Omega to collect unpaid rent or interest during the pendency of a bankruptcy proceeding and retain security deposits for the debtor's obligations, and other costs and uncertainties associated with operator bankruptcies; (v) changes in tax laws and regulations affecting REITs, including as the result of any federal or state policy changes driven by the current focus on capital providers to the healthcare industry; (vi) Omega's ability to re-lease, otherwise transition or sell underperforming assets or assets held for sale on a timely basis and on terms that allow Omega to realize the carrying value of these assets or to redeploy the proceeds therefrom on favorable terms, including due to the potential impact of changes in the SNF and assisted living facility ("ALF") markets or local real estate conditions; (vii) the availability and cost of capital to Omega; (viii) changes in Omega's credit ratings and the ratings of its debt securities; (ix) competition in the financing of healthcare facilities; (x) competition in the long-term healthcare industry and shifts in the perception of various types of long-term care facilities, including SNFs and ALFs; (xi) changes in the financial position of Omega's operators; (xii) the effect of economic, regulatory and market conditions generally, and particularly in the healthcare industry in the U.S. and in other jurisdictions where we conduct business, including the U.K.; (xiii) changes in interest rates and foreign currency exchange rates and the impact of inflation and changes in global tariffs and international trade disputes; (xiv) the timing, amount and yield of any additional investments; (xv) Omega's ability to maintain its status as a REIT; (xvi) operational risks associated with our senior housing properties managed through structures authorized by the REIT Investment Diversification and Empowerment Act of 2007 (commonly referred to as "RIDEA"); (xvii) the use of, or inability to use, artificial intelligence by us, our operators, managers, vendors and investors; (xviii) the effect of other factors affecting our business or the businesses of Omega's operators that are beyond Omega's or operators' control, including natural disasters, public health crises or pandemics, cyber threats and governmental action, particularly in the healthcare industry, and (xix) other factors identified in Omega's filings with the Securities and Exchange Commission. Statements regarding future events and developments and Omega's future performance, as well as management's expectations, beliefs, plans, estimates or projections relating to the future, are forward-looking statements.*

*We caution you that the foregoing list of important factors may not contain all the material factors that are important to you. Accordingly, readers should not place undue reliance on those statements. All forward-looking statements are based upon information available to us on the date of this release. We undertake no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as otherwise required by law.*

**Operator Information:** This supplement includes information regarding the operators of our facilities such as EBITDAR and EBITDARM coverage ratios and occupancy information. The information related to operators that is provided in this supplement has been provided by the operators. We have not independently verified this information. We are providing this data for informational purposes only.

**Non-GAAP Information:** This supplement also contains certain non-GAAP financial information including EBITDA, Adjusted Total Debt (or Funded Debt), Adjusted Book Capitalization, Nareit FFO, Adjusted FFO (or "AFFO"), Funds Available for Distribution ("FAD"), Total Cash Fixed Charges and certain related ratios. A reconciliation of these non-GAAP disclosures is available in the Financial Performance section of this supplement.

Information is provided as of December 31, 2025, unless specifically stated otherwise. We assume no duty to update or supplement the information provided.

PORTFOLIO SUMMARY

Non-real estate loans receivable	N/A	N/A	430,584	3.6 %	10,143	3.2 %	Non-real estate loans interest income
Total investments	1,111	101,321	\$ 11,937,878	100.0 %	\$ 313,034	100.0 %	

(1) Excludes 18 properties which are non-operating, closed and/or not currently providing patient services.

(2) Excludes accumulated depreciation for real estate assets and \$175.1 million of allowance for credit losses.

(3) Includes ALFs, memory care, care homes, and independent living properties.

(4) Consists of loans in which we have second or third mortgage liens or a leasehold mortgage on, or an assignment of the partnership interest in the related properties.

These facilities are excluded from our facility and bed counts.

(5) Includes seven non-real estate unconsolidated entities with an investment of \$9.6 million that are engaged in businesses that support the long-term health care industry and our operations.

(6) Represents 100% of beds and facilities owned by unconsolidated entities. Excludes one facility related to an unconsolidated entity that has a mortgage loan with Omega, which is reflected in the Mortgage loan section above.

(7) Represents Omega's share of income (loss) from the unconsolidated entities, which includes non-cash items such as depreciation of \$5.2 million.

(8) Relates to a property adjacent to one of our existing facilities.

1) Net Funded Debt is total indebtedness net of balance sheet cash and excludes outstanding L/C's, if any, and premium on bonds. Adjusted EBITDA is EBITDA adjusted for non-cash and other discrete items. Adjusted Normalized EBITDA includes proforma revenue for investments made during the respective quarter/year. Adjusted EBITDA and Adjusted Normalized EBITDA are annualized for quarter ending periods.

2) Fixed charges includes scheduled amortizations, amortization of deferred financing charges and capitalized interest.

NOTE: See the Non-GAAP reconciliations provided at the end of this supplement

1) The DRCSP program was suspended from March 23, 2020 to December 17, 2020

2) Excludes the approximately 5.5 million of Omega OP Units with a fair value of \$222.4 million, that were issued in October 2025 in exchange for a 49% equity ownership in the Saber JV

Percentages of Adjusted total debt to Adjusted book capitalization and Adjusted total debt to Total market capitalization at December 31, 2025 were 44.1% and 23.8%, respectively. Adjusted total debt is Total debt plus the discount or less the premium derived from the sale of unsecured borrowings, deferred financing costs - net and fair market value adjustment of assumed debt. Adjusted book capitalization is defined as Adjusted total debt plus stockholders' equity and noncontrolling interest. Adjusted total debt, Adjusted book capitalization and related ratios are non-GAAP financial measures. Total market capitalization is the Total market value of our securities as of December 31, 2025 plus Adjusted total debt.

(1) The year ended December 31, 2025 includes the application of \$4.3 million of security deposits (letters of credit and cash deposits) in revenue. The three months and year ended December 31, 2024 include the application of \$0.5 million and \$2.2 million, respectively, of security deposits (letters of credit and cash deposits) in revenue.

(2) The year ended December 31, 2025 includes a \$15.5 million non-cash straight-line accounts receivable write-off in connection with moving an operator to cash basis as a result of being notified that there is substantial doubt regarding the operator’s ability to continue as a going concern. The operator made all contractual rent payments in 2025. The year ended December 31, 2025 also includes a \$10.0 million lease inducement recorded in Q1 as a reduction to rental income related to a one-time payment made to an operator upon entering a new 10-year master lease.

(3) The year ended December 31, 2025 includes \$6.6 million of non-cash stock-based compensation expense associated with the previously disclosed leadership transition that occurred in January 2025.

(4) Primarily consists of cash interest received on seller financing loans related to asset sales not recognized, gains and losses associated with certain financial instruments and foreign currency and other normalizing revenue and expense adjustments for discrete items.

(5) Adjusted funds from operations per share and funds available for distribution per share can be calculated using weighted-average common shares outstanding, diluted, as shown above.

(6) For the three months and year ended December 31, 2025, Non-cash expense is not adjusted to include \$1.5 million and \$9.1 million, respectively, of amortization related to the above market loan assumed as part of the Cindat JV acquisition in July 2024. For the year ended December 31, 2024, Non-cash expense is not adjusted to include \$4.4 million of amortization related to the above market loan assumed as part of the Cindat JV acquisition. The above market loan was fully repaid in November 2025.

Nareit Funds From Operations (“Nareit FFO”), Adjusted FFO and Funds Available for Distribution (“FAD”) are non-GAAP financial measures. As used in this supplement, GAAP refers to generally accepted accounting principles in the United States of America. The Company has provided reconciliations of the non-GAAP financial measures to the most directly comparable GAAP financial measures.

The Company calculates and reports Nareit FFO in accordance with the definition and interpretive guidelines issued by the National Association of Real Estate Investment Trusts (“Nareit”), and consequently, Nareit FFO is defined as net income (computed in accordance with GAAP), adjusted for the effects of asset dispositions and certain non-cash items, primarily depreciation and amortization and impairments on real estate assets, and after adjustments for unconsolidated partnerships and joint ventures and changes in the fair value of warrants. Adjustments for unconsolidated partnerships and joint ventures will be calculated to reflect funds from operations on the same basis. Revenue recognized based on the application of security deposits and letters of credit or based on the ability to offset against other financial instruments is included within Nareit FFO. The Company believes that Nareit FFO, Adjusted FFO and FAD are important supplemental measures of its operating performance. Because the historical cost accounting convention used for real estate assets requires depreciation (except on land), such accounting presentation implies that the value of real estate assets diminishes predictably over time, while real estate values instead have historically risen or fallen with market conditions. The term funds from operations was designed by the real estate industry to address this issue. Funds from operations described herein is not necessarily comparable to funds from operations of other real estate investment trusts, or REITs, that do not use the same definition or implementation guidelines or interpret the standards differently from the Company.

Adjusted FFO is calculated as Nareit FFO excluding the impact of non-cash stock-based compensation and certain revenue and expense items (e.g., acquisition, merger and transition related costs, straight-line rent and other write-offs, recoveries and provisions for credit losses (excluding certain cash recoveries on impaired loans), severance expense and other normalizing items). FAD is calculated as Adjusted FFO less non-cash expense, such as the amortization of deferred financing costs, and non-cash revenue, such as straight-line rent. FAD includes the non-cash amortization of premiums associated with the fair value of debt assumed in acquisitions. The Company believes these measures provide an enhanced measure of the operating performance of the Company’s core portfolio as a REIT. The Company’s computation of Adjusted FFO and FAD may not be comparable to the Nareit definition of funds from operations or to similar measures reported by other REITs, but the Company believes that they are appropriate measures for this Company.

The Company uses these non-GAAP measures among the criteria to measure the operating performance of its business. The Company also uses FAD among the performance metrics for performance-based compensation of officers. The Company further believes that by excluding the effect of depreciation, amortization, impairments on real estate assets and gains or losses from sales of real estate, all of which are based on historical costs, and which may be of limited relevance in evaluating current performance, funds from operations can facilitate comparisons of operating performance between periods. The Company offers these measures to assist the users of its financial statements in analyzing its operating performance. These non-GAAP measures are not measures of financial performance under GAAP and should not be considered as measures of liquidity or cash flow, alternatives to net income or indicators of any other performance measure determined in accordance with GAAP. Investors and potential investors in the Company’s securities should not rely on these non-GAAP measures as substitutes for any GAAP measure, including net income.

EBITDA Reconciliation and Debt Coverage Ratio Calculation

Our ratios of Funded Debt to annualized Adjusted EBITDA and Funded Debt to annualized Adjusted normalized EBITDA as of December 31, 2025 were 3.55x and 3.51x, respectively. Funded Debt is defined as balance sheet debt adjusted for premiums/discounts, deferred financing costs, and to add back cash. EBITDA is defined as earnings before interest, taxes, depreciation and amortization. Adjusted EBITDA eliminates items such as acquisition costs and stock-based compensation expense and adds back certain non-cash expenses, if any, to EBITDA. Adjusted normalized EBITDA adds to or subtracts from Adjusted EBITDA the incremental EBITDA from (i) new investments and divestitures made during the 4th quarter assuming a October 1st purchase or sale date and (ii) inception to date funding of construction in progress multiplied by the estimated contractual quarterly yield assuming a October 1st in-service date. Adjusted EBITDA, Adjusted normalized EBITDA and related ratios are non-GAAP financial measures. Annualized Adjusted EBITDA and annualized Adjusted normalized EBITDA assume the current quarter results multiplied by four, and are not projections of future performance. Below is the reconciliation of EBITDA and Adjusted EBITDA to net income.

Total debt.....	\$ 4,256,012
Deduct balance sheet cash and cash equivalents.....	(27,024)
(Deduct premium) add back discount - net.....	18,538
Add back deferred financing costs - net.....	17,450
<b>Funded Debt.....</b>	<b>\$ 4,264,976</b>
 <b>Funded Debt / annualized Adjusted EBITDA .....</b>	<b>3.55 x</b>
 <b>Funded Debt / annualized Adjusted normalized EBITDA.....</b>	<b>3.51 x</b>

(1) Used to calculate leverage only. Adjustments reflect the impact of transactions that closed during the quarter as if the transactions were completed at the beginning the quarter.

### EBITDA Reconciliation and Fixed Charge and Interest Expense Coverage Calculations

Our Adjusted EBITDA to Total interest expense ratio and Adjusted EBITDA to Fixed charges as of December 31, 2025 were 5.8x and 5.8x, respectively. Fixed charge coverage is the ratio determined by dividing EBITDA by our fixed charges. EBITDA is defined as earnings before interest, taxes, depreciation and amortization. Adjusted EBITDA eliminates items such as acquisition costs and stock-based compensation expense and adds back certain non-cash expenses, if any, to EBITDA.

Fixed charges consist of interest expense, amortization of other non-cash interest charges, amortization of deferred financing costs and refinancing costs. EBITDA, adjusted EBITDA and interest expense ratio are non-GAAP measures. Below is the reconciliation of EBITDA to net income.

Unaudited	Three Months Ended December 31, 2025
(000's)	
Net income .....	\$ 171,972
Depreciation and amortization.....	82,749
Depreciation - unconsolidated entities.....	5,182
Interest - net.....	48,914
Income tax expense.....	2,126
<b>EBITDA.....</b>	<b>\$ 310,943</b>
Add back (deduct).....	
Stock-based compensation expense.....	9,866
Non-cash recovery for credit losses.....	7,241
Impairment on real estate properties.....	6,016
Straight-line rent and other write-offs (1) .....	446
Acquisition, merger and transition related costs.....	152
Foreign currency gain.....	(43)
Gain on extinguishment of debt.....	(5,002)
Gain on assets sold - net.....	(6,073)
Other normalizing items - net .....	(22,783)
<b>Adjusted EBITDA.....</b>	<b>\$ 300,763</b>
<b>FIXED CHARGES</b>	
Interest expense.....	49,231
Amortization of non-cash deferred financing charges.....	2,512
<b>Total interest expense.....</b>	<b>\$ 51,743</b>
Add back: capitalized interest.....	122
<b>Total fixed charges.....</b>	<b>\$ 51,865</b>
<b>Adjusted EBITDA / Total interest expense ratio.....</b>	<b>5.8 x</b>
<b>Adjusted EBITDA / Fixed charge coverage ratio.....</b>	<b>5.8 x</b>

### PORTFOLIO METRICS

**Core Portfolio:** Refers to all stable properties including generally, any triple-net rental property unless it 1) is new development that is not yet complete/open; 2) has not yet stabilized and is still within 12 months following the budgeted stabilization date; 3) is held for sale and/or is slated for closure or to be sold; or 4) is slated to be transitioned or has transitioned to a new operator within the last 12 months. Any properties falling into the preceding categories 1 through 4 are referred to as “non-core”.

**EBITDARM Coverage:** Represents EBITDARM of our operators, defined as earnings before interest, taxes, depreciation, amortization, Rent expense and management fees for the applicable period, divided by the total Rent payable to the Company by its operators during such period. “Rent” refers to the total monthly rent and mortgage interest due under the Company’s lease and mortgage agreements over the applicable period.

**EBITDAR Coverage:** Represents EBITDAR of our operators, defined as earnings before interest, taxes, depreciation, amortization, and Rent expense for the applicable period, divided by the total Rent payable to the Company by its operators during such period. Assumes a management fee of 4%.

**Portfolio Occupancy:** Represents the average daily number of beds at the Company’s properties that are occupied during the applicable period divided by the total number of total operating beds at the Company’s properties that are available for use during the applicable period.

**Property Type:** ALF = assisted living facility; IRF = Inpatient Rehab Facility; SNF = skilled nursing facility; SH = specialty hospital; CCRC = continuing care retirement community

Portfolio metrics and other statistics are not derived from Omega’s financial statements but are operating statistics that the Company derives from reports that it receives from its operators pursuant to Omega’s triple-net leases and mortgages. As a result, the Company’s portfolio metrics typically lag its own financial statements by approximately one quarter. Portfolio metrics exclude assets held for sale, closed properties, properties under construction and, with certain exceptions for shorter periods, properties within 24 months of completion of construction.

**Annualized Revenues:** Includes total monthly rent and mortgage interest due under all of the Company’s lease and mortgage agreements as well as mezzanine and term loan interest, as of the date specified. Calculated based on the first full month following the specified date. In addition, includes the sum of Resident Fees and Services minus Senior Housing Operating expenses related to facilities operated under the REIT Investment Diversification and Empowerment Act of 2007 (commonly referred to as “RIDEA”) structure. Also includes income from unconsolidated entities excluding the impact of certain non-cash items such as depreciation and straight-line rent. Omega calculates “annualized revenue” for properties during a period by utilizing the amount of rent under contract as of the last day of the period and assumes that amount of rent was received in respect of such property throughout the entire period.

**Stable Properties:** Stable properties include, generally, any triple-net rental property unless it 1) is new development that is not yet complete/open; 2) has not yet stabilized and is still within 12 months following the budgeted stabilization date; 3) is held for sale and/or is slated for closure or to be sold; or 4) is slated to be transitioned or has transitioned to a new operator within the last 12 months.

### NON-GAAP FINANCIAL MEASURES

**Nareit FFO:** Nareit Funds from Operations (Nareit FFO), is defined as net income (computed in accordance with GAAP), adjusted for the effects of asset dispositions and certain non-cash items, primarily depreciation and amortization and impairments on real estate assets, and after adjustments for unconsolidated partnerships and joint ventures.

**AFFO:** Adjusted FFO (AFFO) is calculated as Nareit FFO excluding the impact of non-cash stock-based compensation and certain revenue and expense items (e.g., acquisition, merger and transition related costs, straight-line rent and other write-offs, recoveries and provisions for credit losses (excluding certain cash recoveries on impaired loans), severance expense and other normalizing items).

**FAD:** Funds Available for Distribution (FAD) is calculated as AFFO less non-cash expense and non-cash revenue, such as straight-line rent.

A further discussion of the Non-GAAP Financial Measures defined above is provided on page 17 of this supplement.
