Era Group Inc. Reports Second Quarter 2014 Results

HOUSTON, TX -- (Marketwired) -- 08/05/14 -- Era Group Inc. (NYSE: ERA) today reported net income for its second quarter ended June 30, 2014 of \$5.2 million, or \$0.26 per diluted share, on operating revenues of \$86.6 million compared to net income of \$5.1 million, or \$0.25 per diluted share, on operating revenues of \$74.2 million in the prior year second quarter. Excluding a pre-tax impairment charge of \$2.5 million representing a reserve against a note receivable, current quarter net income would have been \$6.7 million, or \$0.33 per diluted share.

Operating income for the current quarter was \$13.6 million, inclusive of \$3.1 million in gains on asset dispositions ("Gains"), compared to \$10.8 million in the prior year quarter, which included \$4.5 million in Gains. Earnings before interest, taxes, depreciation and amortization ("EBITDA") was \$23.1 million in the current quarter, inclusive of the aforementioned Gains. Excluding the impairment charge noted above, Adjusted EBITDA was \$25.5 million in the current quarter. This compares to EBITDA of \$23.2 million, inclusive of \$4.5 million in Gains noted above, in the prior year quarter, during which there were no special charges warranting adjustment.

Excluding the impact of Gains, current quarter Adjusted EBITDA, as adjusted for the pre-tax impairment charge of \$2.5 million, was \$22.4 million, representing a 19% improvement over \$18.8 million of Adjusted EBITDA excluding Gains in the prior year quarter.

Second Quarter Results

Operating revenues in the quarter ended June 30, 2014 increased \$12.3 million, a 17% improvement over the prior year quarter, primarily due to strong results from our U.S. Gulf of Mexico operations resulting from the resumption of operations of the EC225 heavy helicopters, higher rates for medium helicopters, and increased activity for single-engine helicopters. These increases were partially offset by a decrease in international revenues due to fewer helicopters on dry-leases compared to the prior year quarter and the conclusion of an operating contract in Uruguay in March 2014.

Operating expenses were \$7.7 million higher in the current quarter primarily due to increased operating personnel costs resulting from pay scale and benefit adjustments related to a competitive labor market, increased repairs and maintenance expenses related to the resumption of the EC225 helicopter operations, as well as increased fuel and other expenses that are reimbursed by customers.

Administrative and general expenses were \$0.5 million higher in the current quarter due to increased compensation costs.

Gains on asset dispositions were \$1.3 million less than in the prior year quarter. During the

current quarter, we sold one helicopter for a gain of \$3.1 million. In the prior year quarter, we sold two helicopters and related equipment for a gain of \$4.5 million.

Interest expense decreased \$0.8 million primarily due to increased capitalized interest related to additional deposits on helicopter orders.

The Company recorded a \$2.5 million pre-tax impairment charge in the current quarter on a note receivable from a foreign company with whom we participated in bids for contracts.

Six Months Results

The Company reported net income for the six months ended June 30, 2014 of \$9.7 million, or \$0.48 per diluted share, on operating revenues of \$166.0 million compared to net income of \$11.7 million, or \$0.53 per diluted share, on operating revenues of \$142.0 million in the same period a year ago. Net income for the current six months included a \$2.5 million pre-tax impairment charge on a note receivable. Operating income for the current six months was \$23.6 million, inclusive of \$6.0 million in Gains, compared to \$25.4 million in the same period a year ago, which included \$15.3 million in Gains. EBITDA was \$44.8 million in the current six months, inclusive of the aforementioned Gains. Excluding the aforementioned impairment charge, Adjusted EBITDA would have been \$47.3 million in the current six months. This is compared to Adjusted EBITDA of \$49.8 million, inclusive of Gains, in the prior six months. The decline in operating income and Adjusted EBITDA was due to \$9.2 million less in gains from sales of helicopters and related equipment realized in the current six months compared to the prior year period.

Operating revenues increased \$24.1 million due to strong results from our U.S. Gulf of Mexico operations. Operating expenses were \$14.3 million higher due to increased operating personnel costs, increased repairs and maintenance expenses, and increased fuel and other expenses that are reimbursed by customers. Administrative and general expenses were \$2.7 million higher due to increased compensation costs, including severance costs related to changes in senior management.

Sequential Quarter Results

Operating revenues in the second quarter increased \$7.1 million compared to the first quarter of 2014 primarily due to normal seasonal factors, such as the start of flightseeing and firefighting activities in Alaska and longer daylight hours for oil and gas operations in Alaska and the Gulf of Mexico. The improvement in revenues from these factors was partially offset by lower international revenues and fewer SAR missions. Net income, notwithstanding the aforementioned pre-tax impairment charge of \$2.5 million, improved by \$0.8 million. Operating income increased \$3.5 million during the second quarter, with little variance in Gains recognized in the two periods. Second quarter Adjusted EBITDA, excluding the aforementioned impairment charge, increased \$3.8 million over first quarter EBITDA.

Equipment Acquisitions

During the quarter ended June 30, 2014, the Company's capital expenditures were \$33.4 million, which consisted primarily of deposits on future helicopter deliveries and the final payment made on an AW139 medium helicopter. The Company records helicopter

acquisitions in property and equipment and places helicopters in service once all completion work has been finalized and the helicopters are ready for use. The Company placed one new AW139 helicopter into service in June 2014 that had been delivered in the first quarter of 2014. In addition, the Company accepted delivery of one new AW139 helicopter in May 2014, which was placed into service in July 2014.

Capital Commitments

The Company's unfunded capital commitments as of June 30, 2014 consisted primarily of orders for helicopters and totaled \$299.8 million, of which \$66.4 million is payable during 2014 with the balance payable through 2017. The Company also had \$2.3 million of deposits paid on options not yet exercised. The Company may terminate \$146.3 million of its total commitments (inclusive of deposits paid on options not yet exercised) without further liability other than liquidated damages of \$9.6 million in the aggregate.

Included in these capital commitments are agreements to purchase ten AW189 heavy helicopters, four S92 heavy helicopters and five AW169 light twin helicopters. The AW189 helicopters are scheduled to be delivered beginning in late 2014 through 2017. The S92 helicopters are scheduled to be delivered in 2015 through 2017. Delivery dates for the AW169 helicopters have yet to be determined. In addition, the Company had outstanding options to purchase up to an additional ten AW189 helicopters, five S92 helicopters and four AW139 helicopters. If these options are exercised, the helicopters would be scheduled for delivery beginning in 2015 through 2018.

Liquidity

As of June 30, 2014, the Company had \$14.9 million in cash balances and remaining availability under its senior secured revolving credit facility of \$244.3 million.

Lake Palma Sale

Effective July 24, 2014, the Company sold its 51% interest in Lake Palma, S.L. ("Lake Palma") for \$9.2 million to its joint venture partner, Fumicacion Aerea Andaluza S.A ("FAASA"). Lake Palma is a joint venture that dry-leases helicopters to FAASA for firefighting operations. In connection with the transaction, the Company assigned certain debt obligations of approximately \$2.9 million to Lake Palma, and the balance of the purchase price was funded in cash. The Company expects to record a gain of approximately \$2.3 million in the third quarter of 2014.

Conference Call

Management will conduct a conference call starting at 10:00 a.m. ET (9:00 a.m. CT) on Wednesday, August 6, 2014, to review the results for the second quarter ended June 30, 2014. The conference call can be accessed as follows:

All callers will need to reference the access code 83283531

Within the U.S.:

Operator Assisted Toll-Free Dial-In Number: (866) 607-0535

Outside the U.S.:

Operator Assisted International Dial-In Number: (832) 445-1827

Replay

A telephone replay will be available through August 20, 2014 and may be accessed by calling (855) 859-2056 for domestic callers or (404) 537-3406 for international callers. An audio replay will also be available on the Company's website at www.eragroupinc.com shortly after the call and will be accessible for approximately 90 days.

About Era Group

Era Group is one of the largest helicopter operators in the world and the longest serving helicopter transport operator in the U.S. In addition to servicing its U.S. customers, Era Group also provides helicopters and related services to third-party helicopter operators and customers in other countries, including Brazil, India, Norway, Spain, Sweden, and the United Kingdom. Era Group's helicopters are primarily used to transport personnel to, from and between offshore installations, drilling rigs and platforms.

This release includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements concerning management's expectations, strategic objectives, business prospects, anticipated performance and financial condition and other similar matters involve known and unknown risks, uncertainties and other important factors that could cause the actual results, performance or achievements of results to differ materially from any future results, performance or achievements discussed or implied by such forward-looking statements. Such risks, uncertainties and other important factors include, among others, the Company's dependence on, and the cyclical nature of, the offshore oil and gas industry; the Company's dependence on oil and gas exploration and development activity in the areas where the Company operates; fluctuations in worldwide prices of and demand for oil and natural gas; the ability to successfully expand into other geographic and helicopter service markets; the impact of increased U.S. and foreign government regulation and legislation, including potential government implemented moratoriums on drilling activities; the requirement to engage in competitive processes or expend significant resources with no guaranty of recoupment; inherent risks in operating helicopters; the failure to maintain an acceptable safety record; the grounding of all or a portion of our fleet for extended periods of time or indefinitely; reduction or cancellation of services for government agencies; reliance on a small number of helicopter manufacturers and suppliers; political instability, governmental action, war, acts of terrorism and changes in the economic condition in any foreign country where the Company does business, which may result in expropriation, nationalization, confiscation or deprivation of our assets or result in claims of a force majeure situation; declines in the global economy and financial markets; foreign currency exposure and exchange controls; credit risk exposure; the ongoing need to replace aging helicopters; the Company's reliance on the secondary used helicopter market to dispose of older helicopters; the Company's reliance on a small number of customers; allocation of risk between the Company and its customers; liability, legal fees and costs in connection with providing emergency response services; risks associated with the Company's debt structure; operational and financial difficulties of the Company's joint ventures and partners; conflict with the other owners of the Company's non-wholly owned

subsidiaries and other equity investees; adverse results of legal proceedings; adverse weather conditions and seasonality; adequacy of insurance coverage; the attraction and retention of qualified personnel; restrictions on the amount of foreign ownership of the Company's common stock; the effect of the Spin-off, including the ability of the Company to recognize the expected benefits from the Spin-off and the Company's dependence on SEACOR's performance under various agreements; and various other matters and factors, many of which are beyond the Company's control. In addition, these statements constitute Era Group's cautionary statements under the Private Securities Litigation Reform Act of 1995. It is not possible to predict or identify all such factors. Consequently, the foregoing should not be considered a complete discussion of all potential risks or uncertainties. The words "estimate," "project," "intend," "believe," "plan" and similar expressions are intended to identify forward-looking statements. Forward-looking statements speak only as of the date of the document in which they are made. Era Group disclaims any obligation or undertaking to provide any updates or revisions to any forward-looking statement to reflect any change in Era Group's expectations or any change in events, conditions or circumstances on which the forward-looking statement is based. The forward-looking statements in this release should be evaluated together with the many uncertainties that affect the Company's businesses, particularly those mentioned under "Risk Factors" in Era Group's Annual Report on Form 10-K for the year ended December 31, 2013, in Era Group's subsequent Quarterly Reports on Form 10-Q and in Era Group's periodic reporting on Form 8-K (if any), which are incorporated by reference.

Our management uses EBITDA and Adjusted EBITDA to assess the performance and operating results of our business. EBITDA is defined as Earnings before Interest (includes interest income and interest expense), Taxes, Depreciation and Amortization. Adjusted EBITDA is defined as EBITDA further adjusted for SEACOR Management Fees and certain other items that occur during the reported period. We include EBITDA and Adjusted EBITDA to provide investors with a supplemental measure of our operating performance. Neither

EBITDA nor Adjusted EBITDA is a recognized term under generally accepted accounting principles in the U.S. ("GAAP"). Accordingly, they should not be used as an indicator of, or an alternative to, net income as a measure of operating performance. In addition, EBITDA and Adjusted EBITDA are not intended to be measures of free cash flow available for management's discretionary use, as they do not consider certain cash requirements, such as debt service requirements. Because the definitions of EBITDA and Adjusted EBITDA (or similar measures) may vary among companies and industries, they may not be comparable to other similarly titled measures used by other companies.

The following table provides a reconciliation of Net Income, the most directly comparable GAAP measure, to EBITDA and Adjusted EBITDA.

	<i>Three Months Ended</i>				
	<i>Jun 30, 2014</i>	<i>Mar 31, 2014</i>	<i>Dec 31, 2013</i>	<i>Sep 30, 2013</i>	<i>Jun 30, 2013</i>
	<i>(in thousands)</i>				
Net Income	\$ 5,196	\$ 4,374	\$ 1,677	\$ 5,088	\$ 4,950
Depreciation	11,425	11,287	11,129	11,340	11,431
