Redwood Trust Announces Sale of \$122 Million of Common Stock to Fund Investment Opportunities

MILL VALLEY, Calif.--(BUSINESS WIRE)--

Redwood Trust, Inc. (NYSE:RWT) today announced the sale of 4,097,609 shares of its common stock through its Direct Stock Purchase and Dividend Reinvestment Plan resulting in net proceeds to Redwood of \$122.5 million. Redwood expects to use the proceeds from the sale to fund investment opportunities and for other general corporate purposes.

"The recent dislocations in the residential mortgage market have strengthened our competitive position and brought about some welcome changes in asset pricing and the credit quality of newly issued mortgages. After several years of restrained growth, we are now finding attractive prime residential and other investment opportunities," said Marty Hughes, Redwood's Chief Financial Officer. "This additional equity bolsters our strong cash position and allows us to take advantage of these investment opportunities and to grow our residential credit-enhancement franchise."
