

Company Overview

Polar Power, Inc. (NASDAQ: POLA), designs, manufactures and sells direct current, or DC, power systems, lithium battery powered hybrid solar systems for applications in the telecommunications market and, in other markets, including military, electric vehicle charging, cogeneration, distributed power and uninterruptable power supply. Within the telecommunications market, Polar's systems provide reliable and low-cost energy for applications for off-grid and bad-grid applications with critical power needs that cannot be without power in the event of utility grid failure.

Polar Power Achieves Key Milestone in Its Solar Hybrid Systems and DC Generators for Telecom, Residential and Commercial with EPA Certification of its Toyota 1KS Natural Gas / LPG Engine
