Phunware Partners with Noviant to Bring Pandemic Response Solutions to Cities, Health Systems and Small Businesses Impacted by Coronavirus Pandemic

AUSTIN, Texas--(BUSINESS WIRE)-- [Phunware, Inc. \(NASDAQ: PHUN\)](#) (the “Company”), a fully-integrated [enterprise cloud platform](#) for mobile that provides products, solutions, data and services for brands worldwide, announced today its partnership with [Noviant](#) (the “Partner”), a full service network consulting firm that provides world-class proactive IT solutions.

With more than 23 years of experience, Noviant offers small and mid-sized businesses, government agencies and enterprise clients a range of enhanced technology solutions. Noviant has worked with customers across a range of industries including state and local government, health services, education and retail. Noviant’s technical experts have decades of experience listening to the needs of clients and crafting innovative solutions to help them achieve their business objectives.

“As New Yorkers struggle to adjust to the dramatic changes imposed on our region by the COVID-19 pandemic, Noviant is pleased to partner with an industry-leader in mobile applications to offer timely, fully-integrated solutions to our state, county and local governments, as well as our healthcare delivery providers, to help us innovate and recover as we move forward towards a post-pandemic environment,” said Kevin Wang, CEO of Noviant.

Phunware recently launched its mobile [Pandemic Response Solutions](#) for [Healthcare](#) and [Smart Cities](#) in response to the challenges faced by businesses across the globe due to the coronavirus pandemic. Cities, health systems and other organizations working with Noviant will be able to leverage Phunware’s [Multiscreen-as-a-Service \(MaaS\)](#) platform to better target and engage their mobile audiences.

“Through this new partnership with Noviant, Phunware will accelerate mobile digital transformation for small and mid-sized businesses,” said Phunware CTO and Co-Founder Luan Dang. “We expect to provide mobile experiences that are even richer and more immersive, completely complementary to our existing MaaS platform capabilities and services.”

The Company’s Pandemic Response Solutions leverage patented [Location Based Services](#) and [Mobile Engagement](#) software in MaaS that equip both cities and health systems to quickly distribute pertinent information related to their city and hospital resources, safety protocols, emergency operations and more.

Company's MaaS platform facilitates mobile-first digital transformation for health systems and state and city officials by enabling digital capabilities via native, mobile-first application portfolios.

Safe Harbor Clause and Forward-Looking Statements

This press release includes forward-looking statements. All statements other than statements of historical facts contained in this press release, including statements regarding our future results of operations and financial position, business strategy and plans, and our objectives for future operations, are forward-looking statements. The words "anticipate," "believe," "continue," "could," "estimate," "expect," "expose," "intend," "may," "might," "opportunity," "plan," "possible," "potential," "predict," "project," "should," "will," "would" and similar expressions that convey uncertainty of future events or outcomes are intended to identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking.

The forward-looking statements contained in this press release are based on our current expectations and beliefs concerning future developments and their potential effects on us. Future developments affecting us may not be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) and other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading "Risk Factors" in our filings with the Securities and Exchange Commission (SEC), including our reports on Forms 10-K, 10-Q, 8-K and other filings that we make with the SEC from time to time. Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws. These risks and others described under "Risk Factors" in our SEC filings may not be exhaustive.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and developments in the industry in which we operate may differ materially from those made in or suggested by the forward-looking statements contained in this press release. In addition, even if our results or operations, financial condition and liquidity, and developments in the industry in which we operate are consistent with the forward-looking statements contained in this press release, those results or developments may not be indicative of results or developments in subsequent periods.
