

Phunware Launching Mobile Hospitality Solution at Atlantis Paradise Island The Bahamas

AUSTIN, Texas--(BUSINESS WIRE)-- [Phunware, Inc. \(NASDAQ: PHUN\)](#) (the “Company”), a fully-integrated [enterprise cloud platform](#) for mobile that provides products, solutions, data and services for brands worldwide, announced today that it is launching a mobile [hospitality solution](#) for [Atlantis Paradise Island The Bahamas \(Atlantis\)](#).

For over two decades, Atlantis has been a cornerstone of the economy in The Bahamas, employing over 50,000 Bahamians, providing nearly 4,000 guest rooms and spanning well over 200 acres of [Paradise Island](#). To manage the complexity of both the staff and guest experiences, while also leveraging their multi-billion dollar investment in the property, Atlantis engaged Phunware to deliver a comprehensive [hospitality solution](#) on mobile.

“Our [Multiscreen-as-a-Service \(MaaS\)](#) platform helps large brands better manage the complexity of luxury customer journeys in a mobile-first world that is quickly becoming mobile-only,” said [Alan S. Knitowski](#), President, CEO and Co-Founder of Phunware. “By standardizing on MaaS, Atlantis is able to offer both its staff and guests a next-generation engagement platform on mobile that will optimize and enhance their brand experience, including the times before they arrive, while they are on site and after they leave.”

Atlantis now accesses [feature-rich mobile application solutions](#) provided by Phunware’s MaaS platform to better engage their guests and staff, while simultaneously optimizing their operational and staff efficiencies, lowering their costs and boosting their revenues. Capabilities of the Company’s mobile [hospitality solution](#) for [Apple iOS](#) and [Google Android](#) operating environments include, but are not limited to:

- [Location Based Services](#) to enable mapping, wayfinding and indoor positioning
- [Mobile Engagement](#) to create, schedule and optimize contextual messaging campaigns, including real-time alerts, notifications and messaging
- [Analytics](#) to drive better insight into application user behavior and engagement
- [Content Management](#) to control application content in real-time with a simple web-based portal
- [Audience Monetization](#) to leverage Phunware’s proprietary data platform and high-impact creative to promote brand awareness and increase bookings
- Additional integrations to support business systems such as mobile check-in, food and drink ordering, in-room entertainment and temperature control, concierge communication and loyalty programs
