Phunware Announces Twitter Integration for Smart Advocacy Solution

AUSTIN, Texas, July 12, 2022 (GLOBE NEWSWIRE) -- [Phunware, Inc. \(NASDAQ: PHUN\)](#) (the "Company"), a fully-integrated [enterprise cloud platform](#) for mobile that provides products, solutions, data and services for brands worldwide, announced today that its [Smart Advocacy Solution](#) will offer a social media integration with Twitter.

Phunware's Smart Advocacy Solution was the foundation for the Trump 2020 mobile application portfolio on Apple iOS and Google Android and provides access to all of the [features and capabilities](#) of Phunware's [Multiscreen-as-a-Service \(MaaS\)](#) platform to help build, manage and engage voters and constituents on mobile. This new Twitter integration will enable organizations and politicians alike to seamlessly curate content by selecting specific Twitter user tweets to showcase in-app. Additional integrations are expected as new social platforms make third-party feature sets available.

"As we approach the 2022 Midterm Elections and the 2024 Presidential Election, politicians and advocacy groups are looking for new ways to ensure that their target audiences stay informed, all while minimizing the noise created by large platforms like Twitter due to their ongoing spam bot and fake account challenges," said Alan S. Knitowski, President, CEO and Co-Founder of Phunware. "Our Smart Advocacy Solution delivers a digital center of gravity for any constituency, with tech integrations like these allowing our customers to have more control over their authenticity, displayed content and messaging instead of simply relying on algorithms or chance to determine who sees what and when they see it."

Safe Harbor Clause and Forward-Looking Statements

This press release includes forward-looking statements. All statements other than statements of historical facts contained in this press release, including statements regarding our future results of operations and financial position, business strategy and plans, and our objectives for future operations, are forward-looking statements. The words "anticipate," "believe," "continue," "could," "estimate," "expect," "expose," "intend," "may," "might," "opportunity," "plan," "possible," "potential," "predict," "project," "should," "will," "would" and similar expressions that convey uncertainty of future events or outcomes are intended to identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking.

The forward-looking statements contained in this press release are based on our current expectations and beliefs concerning future developments and their potential effects on us. Future developments affecting us may not be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are

beyond our control) and other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading “Risk Factors” in our filings with the Securities and Exchange Commission (SEC), including our reports on Forms 10-K, 10-Q, 8-K and other filings that we make with the SEC from time to time. Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws. These risks and others described under “Risk Factors” in our SEC filings may not be exhaustive.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. We caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and developments in the industry in which we operate may differ materially from those made in or suggested by the forward-looking statements contained in this press release. In addition, even if our results or operations, financial condition and liquidity, and developments in the industry in which we operate are consistent with the forward-looking statements contained in this press release, those results or developments may not be indicative of results or developments in subsequent periods.
