Capital City Bank Hosts Grand Reopening of Apalachee Parkway Office

On Thursday, May 22, Capital City Bank hosted a grand reopening event to celebrate the bold, modern redesign of its Apalachee Parkway office following a complete rebuild. Attendees included leadership from Capital City Bank, Architects Lewis + Whitlock, Culpepper Construction, Kever McKee Engineering, FSM Engineering and members of the Greater Tallahassee Chamber of Commerce.

“We’re excited to welcome clients and associates back to our newly rebuilt Apalachee Parkway office,” said Don May, Capital City Bank regional market executive for north Florida and south Georgia. “This transformation reflects our commitment to innovation and personal service. It’s especially meaningful given the deep roots our team has here, and we’re proud to continue serving the community in a modern space designed to meet their evolving needs.”

The newly constructed Apalachee Parkway banking office was rebuilt from the ground up, combining modern style, innovative technology and personalized service to deliver an elevated banking experience. The office offers a full array of consumer and business banking and lending solutions, and now features dual-function video teller machines and ATMs. Enhanced video teller technology in the drive-in provides providing more options and extended service hours to better support the varied needs of clients.

Video teller technology enables live assistance from a banker via video chat and is available to Capital City Bank clients with or without a debit card from 7 a.m. until 8 p.m., Monday through Friday, and from 9 a.m. until 3 p.m. on Saturday. The machines are equipped with a Smart ATM option for self-service banking with a debit card 24 hours a day. The Smart ATM has all the standard features of a traditional ATM but includes several key enhancements that make it easier, faster and more convenient than ever before. It accepts cash and check deposits up to 30 items in a single transaction, and checks post same day when deposited by 8 p.m. on business days.
