Silvercrest Asset Management Group Inc. Reports Q2 2018 Results

NEW YORK, Aug. 1, 2018 /PRNewswire/ -- Silvercrest Asset Management Group Inc. (NASDAQ: SAMG) (the "Company" or "Silvercrest") today reported the results of its operations for the quarter ended June 30, 2018.

Business Update

Silvercrest concluded a successful second quarter supported by very strong new client acquisition – with \$240 million in new client assets – as well as strong equity markets. Our progress during the quarter occurred against a backdrop of client rebalancing and tax payments, resulting in a net increase of \$300 million in discretionary assets under management. The firm ended the second quarter of 2018 with new, firm-wide highs of \$16.2 billion in discretionary assets under management and \$21.8 billion in total assets under management. Our discretionary assets have grown 10% year over year as of quarter end.

Silvercrest has recently completed building its investment in the previously announced outsourced CIO business with the addition of a new business development professional to complement the firm's first-class investment team. Silvercrest continues to invest in its business development and portfolio management teams to lay the groundwork for continued growth. We firmly believe that re-investment in our business and in our clients will create the greatest long-term value for shareholders by continuing our established record of prudent growth, and we remain prepared to use our capital to grow the business with new strategic initiatives and intellectual capital, including new asset management capabilities.

New business during the second quarter was paced by our value equity team and the successful introduction of new strategies – such as SMID Cap Value -- to the marketplace. Our successful approach to active management continues to differentiate our firm against a backdrop of cheap beta and cookie-cutter asset allocations. We expect our performance to support more opportunity in the institutional marketplace, as well as providing a compelling and competitive offering to high net worth clients and prospects. We now have over \$4.0 billion in institutional client assets committed to the firm.

While the current M&A environment is competitive and expensive, Silvercrest continues to participate in acquisition discussions with culturally compatible firms to complement our organic growth, investment capabilities and professional talent.

On July 30, 2018, the Company's Board of Directors declared a quarterly dividend of \$0.14 per share of Class A common stock. The dividend will be paid on or about September 21, 2018 to shareholders of record as of the close of business on September 14, 2018.

Silvercrest's total AUM increased by \$1.9 billion, or 9.5%, to \$21.8 billion at June 30, 2018 from \$19.9 billion at June 30, 2017. The increase was attributable to market appreciation of \$1.6 billion and net client inflows of \$0.3 billion.

Second Quarter 2018 vs. Second Quarter 2017

Revenue increased by \$2.5 million, or 11.3%, to \$24.6 million for the three months ended June 30, 2018, from \$22.1 million for the three months ended June 30, 2017. This increase was driven primarily by growth in our management and advisory fees as a result of increased assets under management.

Total expenses increased by \$2.2 million, or 12.9%, to \$19.1 million for the three months ended June 30, 2018 from \$16.9 million for the three months ended June 30, 2017.

Compensation and benefits expense increased by \$1.4 million, or 10.9%, to \$14.4 million for the three months ended June 30, 2018 from \$13.0 million for the three months ended June 30, 2017. The increase was primarily attributable to an increase in the accrual for bonuses of \$1.4 million and an increase in salaries expense of \$0.1 million primarily as a result of merit-based increases, partially offset by a decrease in benefits expense of \$0.1 million. General and administrative expenses increased by \$0.8 million, or 19.7%, to \$4.7 million for the three months ended June 30, 2018 from \$3.9 million for the three months ended June 30, 2017. The increase was primarily attributable to an increase in occupancy costs of \$0.3 million mainly due to an increase in rent expense associated with the extension of the lease for our office space in New York, an increase in sub-advisory and referral fees of \$0.1 million due to an increase in sub-advisory revenue and an increase in portfolio and systems expenses of \$0.4 million due to an increase in accrued soft dollar-related research costs.

Consolidated net income was \$4.2 million or 17.1% of revenue for the three months ended June 30, 2018 as compared to \$3.6 million or 16.3% of revenue for the same period in the prior year. Net income attributable to Silvercrest was \$2.3 million, or \$0.28 per basic and diluted share for the three months ended June 30, 2018. Total expenses increased by \$4.0 million, or 11.8%, to \$38.1 million for the six months ended June 30, 2018 from \$34.1 million for the six months ended June 30, 2017.

Compensation and benefits expense increased by \$2.6 million, or 10.1%, to \$28.8 million for the six months ended June 30, 2018 from \$26.1 million for the six months ended June 30, 2017. The increase was primarily attributable to an increase in the accrual for bonuses of \$2.6 million and an increase in salaries expense of \$0.1 million primarily as a result of merit-based increases, partially offset by a decrease in benefits expense of \$0.1 million. General and administrative expenses increased by \$1.4 million, or 17.1%, to \$9.4 million for the six

months ended June 30, 2018 from \$8.0 million for the six months ended June 30, 2017. The increase was primarily attributable to an increase in occupancy costs of \$0.8 million mainly due to an increase in rent expense associated with the extension of the lease for our office space in New York, an increase in sub-advisory and referral fees of \$0.2 million due to an increase in sub-advisory revenue and an increase in portfolio and systems expenses of \$0.5 million due to an increase in accrued soft dollar-related research costs. This was partially offset by a decrease in depreciation and amortization of \$0.1 million.

Non-GAAP Financial Measures

To provide investors with additional insight, promote transparency and allow for a more comprehensive understanding of the information used by management in its financial and operational decision-making, we supplement our consolidated financial statements presented on a basis consistent with GAAP with Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Net Income, and Adjusted Earnings Per Share which are non-GAAP financial measures of earnings. These adjustments, and the non-GAAP financial measures that are derived from them, provide supplemental information to analyze our operations between periods and over time. Investors should consider our non-GAAP financial measures in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP.

- EBITDA represents net income before provision for income taxes, interest income, interest expense, depreciation and amortization.
- We define Adjusted EBITDA as EBITDA without giving effect to the Delaware franchise tax, professional fees associated with acquisitions or financing transactions, gains on extinguishment of debt or other obligations related to acquisitions, impairment charges and losses on disposals or abandonment of assets and leaseholds, client

reimbursements and fund redemption costs, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an expense. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted EBITDA, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring earnings of the Company, taking into account earnings attributable to both Class A and Class B shareholders.

- Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by total revenue. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted EBITDA Margin, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring profitability of the Company, taking into account profitability attributable to both Class A and Class B shareholders.
- Adjusted Net Income represents recurring net income without giving effect to professional fees associated with acquisitions or financing transactions, losses on forgiveness of notes receivable from our principals, gains on extinguishment of debt or other obligations related to acquisitions, impairment charges and losses on disposals or abandonment of assets and leaseholds, client reimbursements and fund redemption costs, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an expense. Furthermore, Adjusted Net Income includes income tax expense assuming a blended corporate rate of 26% for periods beginning on January 1, 2018 as a result of the Tax Cuts and Jobs Act, and 40% for periods prior to 2018. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted Net Income, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring income of the Company, taking into account income attributable to both Class A and Class B shareholders.
- Adjusted Earnings Per Share represents Adjusted Net Income divided by the actual Class A and Class B shares outstanding as of the end of the reporting period for basic Adjusted Earnings Per Share, and to the extent dilutive, we add unvested deferred equity units, restricted stock units and performance units to the total shares outstanding to compute diluted Adjusted Earnings Per Share. As a result of our structure, which includes a non-controlling interest, we feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted Earnings Per Share, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring earnings per share of the Company as a whole as opposed to being limited to our Class A common stock.
