## Triangle Capital Corporation Reports Third Quarter 2010 Results

RALEIGH, N.C., Nov. 3, 2010 (GLOBE NEWSWIRE) -- Triangle Capital Corporation (Nasdaq:TCAP) ("Triangle" or the "Company"), a leading specialty finance company that provides customized financing solutions to lower middle market companies located throughout the United States, today announced its financial results for the third quarter of 2010.

Commenting on the quarter, Garland S. Tucker, III, President and CEO, stated, "The third quarter was an especially active time for us as we initiated approximately \$30 million of new investments, we experienced approximately \$30 million of principal repayments, we recapitalized a portion of our SBA debentures at extremely favorable rates, and we raised over \$41 million of equity capital in a successful follow-on offering in September. As we begin to focus on 2011, we remain pleased with the performance of our existing portfolio and we are delighted with the quality of new investment opportunities we are seeing."

Total investment income during the third quarter of 2010 was \$9.8 million, compared to total investment income of \$7.1 million for the third quarter of 2009, representing an increase of 37.9%. The Company's increase in investment income is primarily attributable to new portfolio investments made during 2009 and 2010 which resulted in an increase in total loan interest, fee, dividend and paid-in-kind interest income of approximately \$2.8 million, offset by a decrease in interest income from cash and cash equivalent investments of \$0.1 million.

Net investment income during the third quarter of 2010 was \$5.6 million, compared to net investment income of \$3.7 million for the third quarter of 2009, representing an increase of 51.0%. The Company's net investment income per share during the third quarter of 2010 was \$0.46, based on a weighted average share count of 12,258,614, as compared to \$0.41 during the third quarter of 2009, based on a weighted average share count of 9,129,192.

The Company's net increase in net assets resulting from operations was \$7.2 million during the third quarter of 2010, as compared to a net decrease in net assets resulting from operations of \$0.8 million during the third quarter of 2009. The Company's net increase in net assets resulting from operations was \$0.59 per share during the third quarter of 2010 based on a weighted average share count of 12,258,614, as compared to a net decrease in net assets resulting from operations of \$0.09 per share during the third quarter of 2009, based on a weighted average share count of 9,129,192.

## Liquidity and Capital Resources

At September 30, 2010, the Company had cash and cash equivalents totaling \$74.1 million.

During the third quarter of 2010, the Company completed a public offering of 2.8 million shares of common stock with net proceeds of approximately \$41.3 million.

Commenting on the Company's liquidity and capital resources, Steven C. Lilly, Chief Financial Officer, stated, "Triangle is fortunate to enjoy a strong liquidity position at what we believe is a very opportune time in the mezzanine market. Based on our cash on hand as of September 30, 2010, and our incremental SBA commitments, we have access to approximately \$160 million of capital which provides us with significant corporate visibility as we prepare to move into 2011."

Also during the third quarter of 2010, Triangle pre-paid \$22.3 million in Small Business Administration ("SBA") guaranteed debentures that bore interest at a weighted average interest rate of 5.8%. During the same period, Triangle issued \$32.6 million of new 10-year SBA-guaranteed debentures at a weighted average fixed interest rate of 3.7%. Triangle also issued a five-year SBA-guaranteed Low to Moderate Income ("LMI") debenture with a principal amount of \$7.8 million and a fixed interest rate of 2.5% for proceeds of \$6.8 million. The Company has the ability to issue up to a total of \$225.0 million in SBA-guaranteed debentures.

## Dividend Information

On August 25, 2010, Triangle announced that its board of directors had declared a cash dividend of \$0.41 per share. This was the Company's fifteenth consecutive quarterly dividend since its initial public offering in February, 2007. The dividend was payable as follows:

Record Date: September 8, 2010

Payment Date: September 22, 2010

Triangle has adopted a dividend reinvestment plan ("DRIP") that provides for reinvestment of dividends on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, when the Company declares a cash dividend, stockholders who have not opted out of the DRIP will have their cash dividends automatically reinvested in additional shares of the Company's common stock, rather than receiving cash dividends.

When the Company declares and pays dividends, it determines the allocation of the distribution between current income, accumulated income and return of capital on the basis of accounting principles generally accepted in the United States ("GAAP"). At each year end, the Company is required for tax purposes to determine the dividend allocation based on tax accounting principles. Due to differences between GAAP and tax accounting principles, the portion of each dividend distribution that is ordinary income, capital gain or return of capital may differ for GAAP and tax purposes.

During the third quarter of 2010, Triangle made three new investments totaling

approximately \$26.1 million, and four debt investments in existing portfolio companies totaling approximately \$3.9 million. In addition, the Company sold one equity investment in a portfolio company resulting in a realized gain of approximately \$0.3 million, and sold a convertible note investment in a portfolio company resulting in a realized gain of approximately \$0.9 million. Also during the third quarter of 2010, four portfolio company loans were repaid at par totaling approximately \$25.9 million and Triangle received normal principal repayments totaling approximately \$2.8 million.
