Cheniere Partners Announces Substantial Completion of Train 4 at the Sabine Pass Liquefaction Project

HOUSTON, Oct. 13, 2017 /PRNewswire/ --Cheniere Energy Partners, L.P. ("Cheniere Partners") (NYSE American: CQP) today announced that Substantial Completion of Train 4 of the Sabine Pass liquefaction project in Cameron Parish, Louisiana (the "SPL Project") was achieved on October 9, 2017. Commissioning has been completed and Cheniere Partners' EPC partner Bechtel Oil, Gas and Chemicals, Inc. ("Bechtel") has turned over care, custody, and control of Train 4 to Cheniere Partners.

Under a sale and purchase agreement ("SPA") with GAIL (India) Limited, the date of first commercial delivery for Train 4 of the SPL Project is expected to occur in March 2018, upon which the SPA's 20-year term commences.

Over the last 17 months, Cheniere Partners and Bechtel have declared Substantial Completion on four liquefaction trains at Sabine Pass. With the achievement of Substantial Completion, financial results of LNG sales from Train 4 going forward will be reflected in the statement of operations of Cheniere Partners and its affiliates.

About Cheniere Partners

Through its wholly owned subsidiary, Sabine Pass LNG, L.P., Cheniere Partners owns 100% of the Sabine Pass LNG terminal located in Cameron Parish, Louisiana, on the Sabine-Neches Waterway less than four miles from the Gulf Coast. The Sabine Pass LNG terminal includes existing infrastructure of five LNG storage tanks with capacity of approximately 16.9 billion cubic feet equivalent (Bcfe), two marine berths that can accommodate vessels with nominal capacity of up to 266,000 cubic meters and vaporizers with regasification capacity of approximately 4.0 Bcf/d. Through its wholly owned subsidiary, Cheniere Creole Trail Pipeline, L.P., Cheniere Partners also owns a 94-mile pipeline that interconnects the Sabine Pass LNG terminal with a number of large interstate pipelines.

Cheniere Partners, through its subsidiary, Sabine Pass Liquefaction, LLC ("SPL"), is developing, constructing and operating natural gas liquefaction facilities at the Sabine Pass LNG terminal adjacent to the existing regasification facilities. Cheniere Partners, through SPL, plans to construct over time up to six liquefaction trains, which are in various stages of development, construction and operations. Trains 1 through 4 have commenced commercial operations, Train 5 is under construction, and Train 6 is being commercialized and has all necessary regulatory approvals in place. Each liquefaction train is expected to have a nominal production capacity, which is prior to adjusting for planned maintenance, production reliability and potential overdesign, of approximately 4.5 million tonnes per annum ("mtpa") of LNG. SPL has entered into six third-party LNG SPAs that in the aggregate equate to approximately 19.75 mtpa of LNG and commence with the date of first commercial delivery

of Trains 1 through 5 as specified in the respective SPAs. For additional information, please refer to the Cheniere Partners website at www.cheniere.com and Quarterly Report on Form 10-Q for the quarter ended June 30, 2017, filed with the Securities and Exchange Commission.

Forward-Looking Statements

This press release contains certain statements that may include "forward-looking statements." All statements, other than statements of historical or present facts or conditions, included herein are "forward-looking statements." Included among "forward-looking statements" are, among other things, (i) statements regarding Cheniere Partners' business strategy, plans and objectives, including the development, construction and operation of liquefaction facilities, (ii) statements regarding expectations regarding regulatory authorizations and approvals, (iii) statements expressing beliefs and expectations regarding the development of Cheniere Partners' LNG terminal and liquefaction business, (iv) statements regarding the business operations and prospects of third parties, (v) statements regarding potential financing arrangements, and (vi) statements regarding future discussions and entry into contracts. Although Cheniere Partners believes that the expectations reflected in these forward-looking statements are reasonable, they do involve assumptions, risks and uncertainties, and these expectations may prove to be incorrect. Cheniere Partners' actual results could differ materially from those anticipated in these forward-looking statements as a result of a variety of factors, including those discussed in Cheniere Partners' periodic reports that are filed with and available from the Securities and Exchange Commission. You should not place undue reliance on these forward-looking statements, which speak only as of the date of this press release. Other than as required under the securities laws, Cheniere Partners does not assume a duty to update these forward-looking statements.
