About MagneGas Applied Technology Solutions, Inc.

MagneGas Applied Technology Solutions, Inc. (MNGA) owns a patented process that converts various renewables and liquid wastes into MagneGas fuels. These fuels can be used as an alternative to natural gas or for metal cutting. The Company's testing has shown that its metal cutting fuel "MagneGas2[®]" is faster, cleaner and more productive than other alternatives on the market. It is also cost effective and safe to use with little changeover costs. The Company currently sells MagneGas2[®] into the metal working market as a replacement to acetylene.

The Company also sells equipment for the sterilization of bio-contaminated liquid waste for

various industrial and agricultural markets. In addition, the Company is developing a variety of ancillary uses for MagneGas fuels utilizing its high flame temperature for co-combustion of hydrocarbon fuels and other advanced applications. For more information on MagneGas, please visit the Company's website at <http://www.MagneGas.com>.

The Company distributes MagneGas2[®] through Independent Distributors in the U.S and through its wholly owned distributors, ESSI, Green Arc Supply, Paris Oxygen, Latex Welding Supplies, Tyler Welders Supply, United Welding Supplies, Trico Welding Supply and Complete Welding of San Diego. The Company operates 17 locations across California, Texas, Louisiana, and Florida.
