This is the third consecutive year that Weave has won this award. Each Townie

Choice Award is given to the product that receives the most votes from the Dentaltown community.

“Our customers are everything to us, and winning a third Dentaltown Townie Choice Award for Patient Communication Systems because of their votes is incredibly humbling,” said Brett White, CEO of Weave. “I’m grateful to everyone who voted for Weave for the best Patient Communication System. Weave has been a long-time patient communication leader in the dental industry. We are passionate about providing dental offices with the tools to have personalized, meaningful and modern communication with their patients.”

This Townie Choice Award comes on the heels of several new features Weave has added to its platform this year, including Online Scheduling, Insurance Verification and Buy Now, Pay-Over-Time. These enhancements drive a better patient and provider experience by automating tedious tasks for office staff and making it easier for time-starved patients to communicate and engage the practice.

Weave’s platform has continually been recognized for its ability to innovate on behalf of small businesses. This year, Weave has been named the Best SMB CRM in the MarTech Breakthrough Awards, a leader in five different categories in G2s Fall Report, and a Best Healthcare Technology Solution Finalist for SIIA CODiE Awards.
