# Weave Welcomes Greg Leos as General Manager of Payments

*Industry veteran appointed to drive Weave's payments innovation and orchestrate strategic revenue growth for the company*

LEHI, Utah--(BUSINESS WIRE)-- [Weave](#) (NYSE: WEAV), a leading all-in-one experience platform for small- and medium-sized healthcare practices, today announced the appointment of Greg Leos as General Manager of Payments. In this pivotal role, Greg will lead the strategic evolution and optimization of Weave's Payments product, further advancing the company's mission to revolutionize healthcare operations and patient care.

"We are delighted to welcome Greg to the leadership team at Weave," said David McNeil, CRO of Weave. "His proven track record of driving revenue growth and strategic leadership in the fintech and cybersecurity sectors make him the ideal candidate to lead our payments innovations. We are confident that Greg's expertise will play a critical role in advancing our mission and further driving success for our customers."

With over two decades of experience in revenue leadership in fintech and cybersecurity, Greg brings a wealth of expertise to Weave. Most recently serving as Chief Revenue Officer at VikingCloud, a global leader in cybersecurity and payments compliance, Greg led all revenue efforts for the company and oversaw a global sales organization. His extensive fintech background includes a senior executive role with Fiserv, a global provider of financial technology services, where he led several sales divisions including the Business Banking segment for the company's joint venture with Bank of America.

"I'm incredibly excited to join Weave during a period of such strong growth and innovation," said Leos. "Now more than ever, patients want modern and flexible payment options. I'm excited to join a company that sits at the cross-section of healthcare and financial services, consistently delivering creative and highly valuable payment solutions for the customers it serves."

Weave Payments is a full processing solution that empowers healthcare practices to bill and collect more efficiently using their existing communication workflows and patient-preferred payment methods, such as:

- Send payment requests via text with Text to Pay.
- Accept payments via credit/debit card, digital wallets, or ACH Direct Debit.
- Accept payments online or in person with Online Bill Pay, Scan to Pay, Wireless Terminal, and Mobile Tap to Pay.
- Keep a customer's preferred payment method on file for future payments.
- Offer flexibility with Buy Now Pay-over-time and Payment Plans.
